# How much does an Irish galvanized cable tray cost

## Overview

Cable Tray Browse our durable cable trays designed for efficient cable management in domestic and industrial settings. Ensure safety and organization with.

## Key Takeaways

Galvanized cable trays in Ireland typically cost between €15 and €60 per meter, depending on type, size, and load capacity.

### Price Overview

The cost of galvanized cable trays varies based on tray width, depth, duty rating (light, medium, heavy), and length. For example: Medium-duty galvanized trays (commonly 100–300 mm wide) generally range from €15 to €35 per meter. Heavy-duty galvanized trays for industrial applications can cost €40 to €60 per meter or more.

Accessories such as bends, couplers, and supports may add €5–€15 per piece depending on size and type.

### Suppliers in Ireland

Several suppliers offer galvanized cable trays with online ordering and delivery: Wesco Electrical LTD provides medium-duty galvanized cable trays with express delivery options. Electrical Wholesaler Ireland offers a wide selection of cable trays suitable for domestic and industrial use, with competitive pricing.

### Dwyers Electrical and R

S Components Ireland also stock galvanized cable trays and accessories, often with online purchase and collection options.

### Tips for Purchasing

Measure your cable load and route to select the correct tray width and duty rating. Check for accessories like bends, tees, and supports, as these can affect total cost. Compare suppliers for bulk discounts or delivery charges.

Consider pre-galvanized vs. hot-dip galvanized: hot-dip offers better corrosion resistance but may be slightly more expensive. For exact pricing, it is recommended to visit supplier websites or request a quote, as prices can vary based on quantity, specifications, and delivery location.
