Kazakhstan Ladder Cable Tray Price List

Overview

Delivery within 3 to 5 days. . 5. This price list is subject to change without prior notice. . 6. This cancels all our previous price lists.

Key Takeaways

Ladder-type cable trays in Kazakhstan typically cost between $20 and $60 per 2.4-meter section, depending on material, size, and supplier.Price Overview

The cost of a ladder-type cable tray depends on several factors:

• Material: Hot-dip galvanized steel trays are common and more expensive than plain steel or aluminum options . Stainless steel or corrosion-resistant coatings increase the price.

• Dimensions: Standard widths range from 75 mm to 185 mm, and the height of the side rails affects the price . Larger trays for high-capacity cables cost more.

• Length: Most suppliers sell trays in 2.4-meter sections, with prices quoted per section .

• Accessories: Fittings, connectors, brackets, and supports are sold separately and can add 10–30% to the total cost .
Supplier Information
• Almaty Suppliers: Companies like BS United Inc. and Centech offer ladder-type trays in various sizes for industrial and commercial projects .

• Custom Quotes: Many suppliers, including Brilltech Engineers, provide quotes based on project requirements, material, and quantity . Contacting them directly is recommended for accurate pricing.
Practical Considerations
• Installation: Ladder trays are suitable for large cable installations, providing good ventilation and high current-carrying capacity .

• Project Budgeting: For a medium-sized industrial project, expect to budget $25–$50 per tray section, plus fittings and installation costs. For precise pricing, it is best to request a quote from local suppliers in Kazakhstan, specifying the tray dimensions, material, and quantity needed. This ensures accurate cost estimates tailored to your project.
