Smart OTDR Calibration in Sri Lanka

Overview

Comprehensive, traceable instrument calibration across Sri Lanka. Six specialised service lines — on-site or in-lab. Every certificate audit-ready and ISO-compliant. Are you in possession of a faulty OTDR, handheld device, or any other type of optical test equipment that you find difficult to justify replacing?

We offer a free evaluation of Test Equipment Repair and quote service for such items eg: OTDR Repair. Opting for a minor repair could potentially save. Lanka Calibration Services Pvt Ltd, is a well-established accredited calibration laboratory operating in Sri Lanka, being one of the oldest private accredited laboratories in the country. Contact our friendly staff today. Below are general answers on how to operate, maintain, and calibrate OTDRs from the list of GAO Tek's OTDRs. Each OTDR model may have unique features, but the basic principles remain the same. Accredited by an ILAC (International Laboratory Accreditation).
