Key Takeaways

Key manufacturers of electrical distribution boxes in Afghanistan include Musaver Edris Safi Electric Products Co., Rayan Manufacturing Company, Reliance Power, and Novin Simia. Musaver Edris Safi Electric Products Co. Musaver Edris Safi Electric Products Co. is a leading Afghan manufacturer specializing in distribution boards (panel boards), meter boxes, compact stations, cable trays, and disconnect switches.

They produce high-quality equipment suitable for both hot and cold climates and offer customized solutions based on customer requirements. The company also manufactures automatic and handy changeover systems, ensuring a broad range of electrical distribution solutions for industrial and commercial projects in Afghanistan.

Rayan Manufacturing Company

Founded in 2005, Rayan Manufacturing Company produces electrical panels, cable trays, cable ladders, and meter boxes. They have modernized their production with CNC machines and adhere to UL and IEC international standards, ensuring compliance with global quality benchmarks. Rayan is recognized for its technical expertise and ability to deliver projects with professional installation and electrostatic painting services.

Reliance Power

Reliance Power (RPC) provides LV/MV panel boards, electrical wiring, and distribution solutions. While primarily an engineering and EPC service provider, RPC also manufactures and supplies various panel boards for industrial, commercial, and government projects. They are known for handling large-scale electrical installations, generator synchronization, and maintenance services.

Novin Simia

Operating since 2004, Novin Simia is an EPC and manufacturing company in Afghanistan. They focus on manufacturing electrical products, including distribution boxes, and provide engineering services for electrical projects. Novin Simia is noted for on-time deliveries, quality service, and competitive pricing, making them a reliable supplier for both private and public sector projects.

Summary

For sourcing electrical distribution boxes in Afghanistan, these companies offer a combination of local manufacturing, international standard compliance, and project support services. Musaver Edris Safi Electric Products Co. and Rayan Manufacturing Company are particularly strong in production capabilities, while Reliance Power and Novin Simia provide integrated EPC and supply solutions. Depending on project scale and customization needs, these manufacturers can serve industrial, commercial, and governmental electrical distribution requirements.
