Anping Mesh Cable Tray Factory

Overview

Anping Chengnuo wire mesh products co.,Ltd is a professional manufacturer of wire mesh cable tray, ribbon, wire mesh decking, Silk Screen and other wire mesh series.

Key Takeaways

Anping, China hosts several reputable manufacturers of wire mesh cable trays, including Chengnuo, SUNON, Yinrun, and Sanxing, offering high-quality, customizable solutions for industrial and construction applications. Key Manufacturers1. Anping Chengnuo Wire Mesh Products Co., Ltd Chengnuo specializes in wire mesh cable trays, wire mesh decking, and silk screen products.

Their cable trays are designed for easy installation and can be supported from walls, ceilings, or floors. The company emphasizes quality and reputation, serving both domestic and international clients with a variety of wire mesh solutions. 2.

ANPING SUNO

N Wire Cloth Products Co., Ltd SUNON offers wire mesh cable trays focused on performance, safety, and economy. Their trays feature smooth, rounded wire to resist dirt and dust, Safe-T-Edge protection to prevent cable fraying, and large mesh openings (2” x 4”) for flexible cable routing. Standard lengths are 10 feet, with flange heights from 1” to 6”.

Available finishes include Electro Zinc, Hot-Dipped Galvanized, Stainless Steel 316L, and painted options. The trays are lightweight, allowing fast installation and on-site customization. 3.

Anping Yinrun Wire Mesh Co., Ltd Yinrun manufactures welded, galvanized, and epoxy-coated wire mesh products, including cable trays. They provide corrosion-resistant solutions suitable for long-term industrial use, with a focus on durability and versatility in construction and electrical projects. 4.

Anping Sanxing Wire Mesh Factory Sanxing has over 20 years of experience producing high-quality wire mesh products, including welded wire mesh and fencing. While their primary focus is broader wire mesh applications, they also supply cable tray solutions and offer reliable service for industrial and construction needs. Considerations for Choosing a ManufacturerMaterial and Finish: Options include galvanized steel, stainless steel, epoxy-coated, or painted finishes depending on environmental conditions and corrosion resistance requirements.

Customization: Many manufacturers allow on-site modifications, adjustable flange heights, and various mesh sizes to suit specific cable routing needs. Certifications and Quality Control: ISO certification and standardized quality control ensure consistent product performance for global markets. Installation Features: Lightweight design, Safe-T-Edge protection, and large mesh openings improve safety and ease of installation.

These manufacturers provide a range of solutions suitable for industrial, commercial, and infrastructure projects, making Anping a key hub for wire mesh cable tray sourcing.
