Anti-vibration hammer optical cable hardware manufacturer

Overview

Vibration Damper/Armour Rod, Optical Fiber cable The company offers a 4D series of anti-vibration hammer tuning fork design for OPGW Anti-Vibration Hammer.

Key Takeaways

Leading manufacturers of anti-vibration hammers and optical cable hardware include ZTO Cable, Zion Communication, Hebei Songguang Fastener, Qitian, and Renqiu City Boyao Power Tools.Key Manufacturers and Their Offerings

1. ZTO Cable ZTO Cable specializes in ADSS and OPGW fiber optic cable hardware, including anti-vibration dampers, clamps, preformed helix connectors, and joint closures. Their products are made from hot-dip galvanized steel, aluminum alloy, stainless steel, and high-strength composite polymers, ensuring durability, corrosion resistance, and UV stability. ZTO provides solutions for various span lengths and cable diameters, with a production capacity capable of meeting global demand. They also support OEM services and export to over 200 countries . 2. Zion Communication Zion Communication offers a 4D series of anti-vibration hammer tuning fork designs for Stockbridge dampers and multi-resonance sound damping devices. These are used to reduce aerolian vibration in fiber optic cables. The company provides guidance on damper quantity per span based on cable diameter and span length, and they offer direct sales with competitive pricing . 3. Hebei Songguang Fastener Manufacturing Co., Ltd. Founded in 2006, this company produces anti-vibration hammers, transmission line fittings, hot-dip galvanized bolts, and power accessories. Their anti-vibration hammers typically include a wire clamp, steel strand, and hammer head, which dissipate vibration energy through internal friction and air damping. They have ISO 9001 certification and export to over 20 countries . 4. Qitian Qitian manufactures Helical Spiral Vibration Dampers and Anti-Vibration Hammers for ADSS/OPGW fiber optic cables. Their products feature a helical spiral design to reduce vibration caused by wind or external forces. The hammers are made with rust-resistant materials, ergonomic handles, and strong steel heads, ensuring durability and ease of installation. Qitian has over 15 years of manufacturing experience and ISO 9001 certification . 5. Renqiu City Boyao Power Tools Co., Ltd. Founded in 2020, Boyao Power Tools produces optical cable anti-vibration hammers, power fittings, electrical tools, and high/low-voltage transmission equipment. Their products are exported to more than 20 countries and are well-received for quality and reliability .

Summary

These manufacturers provide a range of anti-vibration hammers, dampers, and optical cable hardware suitable for ADSS and OPGW installations. Key considerations when selecting a supplier include material quality, span compatibility, installation ease, and global shipping capabilities. Companies like ZTO Cable and Qitian offer extensive experience and ISO-certified production, while Zion Communication and Hebei Songguang provide specialized anti-vibration solutions tailored to cable diameter and environmental conditions.
