Cable tray manufacturer in Australia

Overview

Top 100 Cable Tray Manufacturers in Australia (2026) | ensunDiscover all relevant Cable Tray Manufacturers in Australia, including Vic Cable Tray Solutions.

Key Takeaways

Leading cable tray manufacturers in Australia include EzyStrut, Burndy CSS, Axelent, Brilltech, Ozstrut, and Blitz Systems, offering durable, compliant, and versatile cable management solutions.

Top Manufacturers and Their Offerings

EzyStrut is one of Australia's most prominent cable tray manufacturers, with over 35 years of experience. They provide a wide range of products including ladder trays, solid-bottom trays, and wire mesh trays suitable for commercial, industrial, mining, and telecommunications applications. Their trays are made from pre-galvanised or hot-dip galvanised steel, as well as aluminium, and can be customised for high loads or fire-rated requirements, ensuring compliance with Australian standards (AS4680:2006) and project-specific needs .

Burndy CSS (Cable Support Systems) specializes in cable trays designed for extreme conditions, such as high temperatures and corrosive environments. Their products are widely used in oil and gas, mining, and power generation industries. Burndy CSS offers both standard and custom trays, emphasizing durability, flexibility, and ease of installation .

Axelent focuses on innovative cable basket trays, providing organized, space-saving solutions ideal for data centers, telecom installations, and commercial electrical systems. Their trays are designed for easy access and frequent maintenance, ensuring reliability and long-term performance .

Brilltech manufactures a variety of cable tray solutions for commercial and industrial applications, emphasizing safe and efficient cable management. Their products cater to diverse project requirements, supporting both standard and specialized installations .

Ozstrut provides a range of cable trays and support systems suitable for industrial and commercial projects, offering robust solutions for cable routing and management .

Blitz Systems offers the BT3 Cable Tray and accessories, designed to reduce installation time, minimize labor costs, and improve operational efficiency. Their systems include fire-rated suspension supports and seismic bracing, making them suitable for commercial and light industrial projects .

Types of Cable Trays
• Ladder Trays: Feature horizontal side rails connected by rungs, ideal for heavy-duty cables and easy access.

• Wire Mesh Trays (Cable Baskets): Open mesh design for optimal airflow and flexible cable entry/exit points.

• Solid-Bottom Trays: Provide full support and protection for sensitive cables, suitable for environments requiring containment.

• Trough Trays: U-shaped or rectangular with partial coverage, offering moderate ventilation and protection .
Key Considerations

When selecting a manufacturer in Australia, consider:

• Material quality (steel, aluminium, stainless steel)

• Compliance with Australian standards

• Ease of installation and maintenance

• Suitability for specific industries (mining, telecom, construction)

• Customization options for high loads, fire-rated, or unusual installations .

These manufacturers provide reliable, high-performance cable management solutions that meet the diverse needs of Australian commercial and industrial projects.
