Central Asian Five Countries Power Distribution Box IP67 OEM

Overview

We accommodate customer''s requirements and provide OEM&ODM design, prototype and mass production services by experiences R&D+ fabrication teams.

Key Takeaways

IP67-rated power distribution boxes with OEM customization are available from multiple Chinese manufacturers, offering durable, waterproof enclosures suitable for industrial and outdoor applications.

Key Features

Waterproof and Dustproof: IP67 rating ensures full protection against dust and temporary immersion in water, making these boxes ideal for harsh environments in Central Asia. Material Quality: Most boxes are made from ABS or PC/ABS plastics, providing impact resistance, UV protection, and long-term durability.

Customizable OE

M Options: Manufacturers offer logo embossing, custom busbar layouts, cable entry modifications, and tailored socket configurations to meet specific industrial or commercial requirements. Voltage and Current Ratings: Options typically include 220–250V, 16A–125A, with multiple socket types and 2-way or 3-phase configurations for flexible power distribution. Portable and Stationary Designs: Some models feature handles for mobility, while others are designed for fixed installation in construction sites, factories, or outdoor projects.

Recommended Manufacturers

Shanghai Ebasee Electric Co., Ltd. – Offers IP67 portable and industrial distribution boxes with CE, CB, TUV, and RoHS certifications, suitable for global export.

Zhejiang HYPE

R Electrical Co., Ltd. – Specializes in portable and mobile distribution boxes, with ISO9001 quality management and international certifications like CE, UL, and TUV.

DOH

O Electric – Provides OEM/ODM services for customized power distribution boxes, widely used in solar, wind, data centers, and industrial applications. Selhot Electric – Factory-direct IP65/IP67 waterproof distribution boxes with UV-resistant PC/ABS material and custom knockouts for specific project needs.

Procurement Tips

Bulk Orders: Larger orders reduce per-unit cost and allow for more extensive customization. Certifications: Ensure the supplier provides CE, TUV, CB, or local compliance certificates for safe operation in Central Asian countries. Shipping and Lead Time: Standard stock items may ship quickly, but fully customized OEM boxes require longer production times.

Technical Support: Choose suppliers with strong R&D and engineering teams to assist with layout, socket configuration, and installation guidance. These IP67 power distribution boxes are suitable for construction sites, industrial plants, renewable energy projects, and outdoor installations across Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan, providing reliable, waterproof, and customizable solutions.
