Key Takeaways

Techno Business Systems and Venture Communications are notable Zambian companies providing optical fiber solutions and related networking infrastructure. Techno Business Systems

Techno Business Systems specializes in optical fiber solutions, offering a wide range of products including multi-core backbone risers, inter-cabinet links, fly leads/pig tails, and pre-fabricated breakout leads. They supply and install both multimode and single-mode fiber, including Loose Tube, Uni Tube, Light Duty Riser, Distribution Military Tactical, Zero Fiber Tubing, and Heavy Duty Breakout Cable. Their solutions can be armored, reinforced, or designed for indoor/outdoor use. Connector options include SC, ST, LC, FC, MTRJ, and EB (expanded beam), with enclosures such as wall-mounted, fixed fiber trays, and rack-mounted fiber termination cabinets .

Venture Communications

Venture Communications focuses on LAN and optical fiber infrastructure, emphasizing broadband capacity and high-speed connectivity. They provide services such as Fibre To The Home (FTTH), enabling faster connections and supporting future services like video on demand and VoIP. Their offerings are designed to meet the growing demand for high-speed data and triple-play services (voice, data, and video) in Zambia

Other Zambian Providers

A broader list of verified cabling and fiber optics companies in Zambia includes firms located in Lusaka, Kitwe, and Ndola, offering installation, supply, and maintenance of fiber optic networks . Additionally, iLink Technologies is a 100% Zambian-owned company providing enterprise IT infrastructure, including fiber optics solutions, LAN/WAN networking, and related IT services . These companies collectively cover the supply, installation, and maintenance of optical modules and fiber optic networks in Zambia, catering to both enterprise and residential clients.
