Finland Electrical Distribution Box Manufacturing

Overview

As Finland's leading manufacturer, we provide IEC- and UL-certified electrical and automation cabinet manufacturing for demanding industrial environments worldwide. In these products, we use high-quality and reliable wire harnesses produced through automated processes in our own. We produce low-voltage switchgears for power distribution and control with high-quality, and every unit is tailored to satisfy the needs of the customer. All our cabinets are FI-certified. Reimax is manufacturing automation cabinets, electrical distribution cabinets, KNX cabinets, as well as. Elenia specializes in electricity distribution and offers the option to request a suspension of electricity distribution for various reasons, such as maintenance or safety.
