How much does outdoor cable tray cost in China and Africa

Overview

Discover premium outdoor cable trays at factory prices. Find durable galvanized, stainless steel, and perforated ladder types for industrial use with fast delivery.

Key Takeaways

Outdoor cable trays in China typically range from $10 to $50 per meter depending on material and specifications, while prices in Africa vary due to import costs and local market conditions.

Pricing in China

In China, outdoor cable trays are available in various materials such as FRP (fiberglass reinforced plastic), steel, polymer composites, and epoxy resin trays. Typical price ranges are: FRP cable trays: $15–$40 per meter, favored for corrosion resistance and outdoor durability. Steel cable trays: $10–$30 per meter, often powder-coated for outdoor use.

Composite or epoxy resin trays: $20–$50 per meter, used in highly corrosive or industrial environments. Prices vary based on tray width, load capacity, perforation type, and customization. Bulk orders or factory-direct purchases can reduce costs significantly.

Pricing Considerations in Africa

In Africa, outdoor cable tray prices are generally higher than in China due to: Import duties and taxesShipping and logistics costsCurrency fluctuationsLimited local manufacturing As a result, imported FRP or steel trays from China may cost $25–$70 per meter, depending on the country and port of entry. Local suppliers may offer slightly lower prices for standard steel trays but often with limited material options and quality variations.

Tips for Procurement

Compare multiple Chinese suppliers on platforms like Alibaba, Made-in-China, or Tradewheel to get competitive quotes. Consider bulk orders to reduce per-meter cost. Check material suitability for outdoor conditions, especially UV resistance and corrosion protection.

Factor in shipping and customs when importing to African countries. By evaluating material, supplier reliability, and shipping logistics, buyers can optimize costs while ensuring durability and compliance with local standards.
