American Optical Cable Sheathing Material Manufacturer

Overview

Explore our fiber optic cabling made in the USA, delivering reliable connectivity & innovation. Learn how our U.S. based production supports.

Key Takeaways

Leading U. S. manufacturers of optical cable sheathing materials include Zeus, Optical Cable Corporation (OCC), Fiberoptics Technology Inc., and Corning Incorporated, offering polymer and high-performance sheathing solutions for fiber optic cables.

Key Manufacturers and Their Offerings

Zeus specializes in polymer-reinforced optical fibers and high-temperature sheathing products. They provide a wide range of polymers such as PEEK, PTFE, PFA, ETFE, PVDF, and FEP, designed to protect fibers in harsh environments with resistance to chemicals, abrasion, and extreme temperatures. Zeus works with OEMs, sensor manufacturers, and cable producers to develop custom sheathing solutions for mechanical strength and environmental protection.

Optical Cable Corporation (OCC) manufactures fiber optic and copper cables with high-performance sheathing.

OC

C emphasizes durability and reliability, offering products with superior crush resistance and environmental protection. Their sheathing solutions are used across broadcast, industrial, enterprise, and data center applications, and they provide custom solutions to meet specific connectivity and environmental requirements. Fiberoptics Technology Inc. (FTI) is a U.

S.-based supplier of standard and custom fiber optic components, including sheathing materials.

FT

I operates manufacturing facilities in Florida and Connecticut, compliant with ISO13485, ISO9001, and ASQ9100 standards. They offer a broad library of fiber optic cable designs and OEM solutions, ensuring rapid turnaround and high-quality sheathing for industrial and medical applications. Corning Incorporated is a major U.

S. manufacturer of optical fiber and cable solutions. While primarily known for fiber production, Corning also provides high-performance sheathing for single-mode and multimode cables, optimized for environmental resilience, tensile strength, and low insertion loss. Their products are widely used in government, telecom, and hyperscale data center projects.

Materials and Applications

These manufacturers offer sheathing materials in polymers (PTFE, PEEK, ETFE, PVDF, FEP) and metal-reinforced tubing (aluminum, stainless steel, or galvanized steel with PVC or silicone coatings). Applications include: Telecom and data center cablingIndustrial and harsh-environment fiber deploymentSensor and OEM fiber optic systemsHigh-temperature or chemically aggressive environmentsCertifications and ComplianceU. S. manufacturers typically maintain certifications such as ISO 9001, ISO 13485, ASQ9100, RoHS, REACH, and compliance with FAR guidelines, ensuring quality, safety, and regulatory adherence for both domestic and international projects.

These companies provide both standard and custom sheathing solutions, making them suitable for a wide range of fiber optic applications requiring durability, environmental protection, and high-performance connectivity.

Article Content

Optical Fiber Made in the USA | Prysmian

Explore our fiber optic cabling made in the USA, delivering reliable connectivity & innovation. Learn how our U.S. based production supports.

Single & Multi-Mode Optical Fiber Solutions | Prysmian

Our optical fiber solutions are designed and manufactured in North America, meet international standards, and are BABA compliant. With unmatched fiber density

Acrolite :: Fiber Optic Lighting and Sensing Components And

Acrolite is a manufacturer of custom fiber optic processes and solutions. Our engineering team can help your company develop high-quality assemblies for your product.

Proterial Cable America, Inc.: High Performance

Proterial Cable America specializes in precision manufacturing of high-performance materials and components for medical, automotive, defense, and data

Fiber Optic Manufacturer And Supplier in US | Amerifiber

Amerifiber is a leading U.S. fiber optic manufacturer offering stock & custom-built products like patch panels, jumpers, enclosures & more. Book a call

Optical Fiber Products

Find out more about our manufacturing processes, and how they set us apart. Our proprietary manufacturing processes ensure every product we ship meets the most stringent performance and

Custom Solutions for Fiber Optic Performance | Zeus

More industries than ever before rely on fiber optic technologies for communication and sensing. To ensure high performance across diverse applications, Zeus offers a variety of coatings, extruded

Specialty Photonics and Custom Fiber Optic Solutions

OFS specialty optical fibers can be customized to meet your desired specifications with state-of-the-art coatings, buffers, and cabling materials resistant to abrasion, chemicals, radiation, biological

Fiber Optic Cable Sheathing

© 2026 ALFA PRO COMMUNICATION SYSTEMS (Pty) Ltd - All rights reserved

They are manufactured according to original Maillefer drawings, tested and checked with high quality criteria. We deliver them to you worldwide from our two main logistics centers in Switzerland and

Fiber Optic Cable Manufacturers

Choose leading fiber optic cable manufacturers for reliable, high-performance network cables proudly made in the USA. Our advanced fiber optic solutions include simplex, armored, and multi-fiber

Architectural Sheathing Manufacturers and Suppliers in the

Custom manufacturer of cable sheathing. Prototypes and low to high production volumes are offered. Additional services include assembly, design, electroplating, finishing, painting, and

Polymer Solutions for the Fiber Optic Industry | Zeus

Zeus manufactures polymer reinforced optical fiber and high-temperature sheathing products to support the latest fiber optic technology. We offer a wide range of fiber coating diameters and sheathing

Fiber Optic Cables Manufacturers and Suppliers in the USA

A list of the top fiber optic cable suppliers and manufacturers in the USA and Canada, including the top fiber optic cable companies with diversity status and quality certifications.

Fiber Optic Manufacturer And Supplier in US | Amerifiber

At Amerifiber, we''re more than just a fiber optic cable supplier. We''re a full-service, customer-first manufacturer and distributor dedicated to delivering the fiber optic ideal: speed and

Fiber Optic Sheathing | Suppliers

fiber optic cable A package for an optical fiber or fibers that may include cladding, buffering, strength members and an outer jacket. cladding The low-refractive-index material that surrounds the core of

Best 10 Fiber Optic Cable Manufacturers in the United

Professional fiber optic cable manufacturer are playing an increasingly crucial role in the era of digitization as the optical cables are an important

Understanding the Sheathing Line Process in Fiber Optic Manufacturing ...

Fiber-to-the-Home Cable Manufacturing: Opening up High-Speed Connectivity. Did you know that optical fiber cables used in FTTH technology boast a carrying capacity roughly ten times
