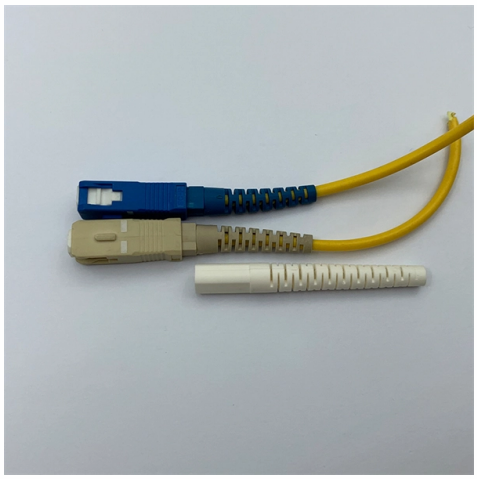
Malaysia Offshore Price 10G Optical Transceiver Module



Overview

Discover the best prices and detailed specifications for 10gbase-sr sfp module, with a total of 41 products.

Key Takeaways

10G SFP+ optical transceiver modules in Malaysia currently range from approximately MYR 150 to MYR 600, depending on brand, type, and distance specifications.Price Overview
• BigGo Malaysia lists a wide selection of 10G SFP+ modules, including copper and active optical cables, with prices starting around MYR 150 for basic modules and going up to MYR 600 for higher-end or branded options .

• Shopee Malaysia offers both new and refurbished modules with competitive pricing, often including promotions, free shipping, and Shopee Guarantee protection .

• Lazada Malaysia features modules like the SUBTel SFP-10G-SR (850nm, multi-mode, 300m) compatible with TP-Link, D-Link, Huawei, and other switches, typically priced in the mid-range of MYR 200–500 .

• Specialized vendors such as Kaytech provide Huawei 10G SFP+ multi-mode modules (850nm, 0.3km) with refurbished options, including a 90-day warranty, and pricing available upon request via email or WhatsApp .
Product Types and Specifications
• Single-mode vs Multi-mode: Single-mode modules support longer distances (up to 10–40 km), while multi-mode modules are suitable for short-range links (up to 300m) using OM3/OM4 fiber .

© 2026 ALFA PRO COMMUNICATION SYSTEMS (Pty) Ltd - All rights reserved

• Connector Type: Most modules use LC duplex connectors, compatible with standard 10GBASE-SR/SW interfaces .

• Plug-and-Play: Many modules feature plug-and-play installation with low power consumption and stable performance, suitable for both enterprise and data center networks .

• Active Optical Cables (AOC): Some 10G modules come integrated with AOC for short-range high-speed connections, typically 3 meters in length .
Purchasing Considerations
• Warranty: Refurbished modules often include a 90-day warranty, while new modules may have longer coverage .

• Compatibility: Ensure the module is compatible with your switch or router brand (Cisco, Huawei, TP-Link, D-Link, Juniper, etc.), .

• Shipping: Most online platforms offer same-day processing and shipping within 1–3 days for local orders . In summary, 10G SFP+ optical transceivers in Malaysia are available offshore at prices ranging from MYR 150 to MYR 600, with options for both single-mode and multi-mode, new or refurbished, and varying distances. Buyers should consider compatibility, warranty, and delivery options when selecting a module .
