New Zealand Mesh Cable Tray Suppliers

Overview

The Cablofil cable mesh range is trusted across New Zealand for flexible and fast cable containment.

Key Takeaways

Key mesh cable tray manufacturers in New Zealand include S.E.P, Jeetmull Jaichandlall, and Tilley & Patton Ltd, offering stainless steel and wire mesh solutions with full accessory support.S.E.P (Stainless Steel Wire Mesh Trays)

S.E.P is a leading New Zealand manufacturer specializing in stainless steel wire mesh cable trays. They fabricate trays using 5mm T304 / ½ Hard Tempered Stainless Steel Rod, with options for Grade 316 on request, meeting international standards (DIN 1.4571 / AISI 316 TI) for durability and corrosion resistance . Standard tray lengths are 3 meters, with side walls of 60mm and widths ranging from 60mm to 600mm, including smaller side wall options for compact installations. S.E.P also manufactures bends, risers, T-sections, and a full range of mounting accessories, all pre-drilled for easy installation .

Jeetmull Jaichandlall

Jeetmull Jaichandlall is recognized as one of the top 10 cable tray manufacturers in New Zealand, offering customizable wire mesh trays in various sizes, shapes, and colors . Their on-site manufacturing facility uses modern equipment and advanced technology to ensure high-quality production. The company emphasizes strict adherence to industry standards, quality control, and tailored solutions for different industrial sectors. They also provide global supply options and support for large-scale projects .

Tilley & Patton Ltd

Tilley & Patton Ltd provides design and manufacturing services for sheet metal and cable tray products across New Zealand . While their focus includes a broader range of electrical components, they offer custom cable tray solutions suitable for commercial and industrial installations, with the ability to fabricate trays to specific project requirements .

Additional Notes
• Material Options: Stainless steel (304 and 316) for corrosion resistance and durability.

• Accessories: Joining plates, clamps, brackets, conduit supports, and mounting hardware are typically available.

• Customization: Most manufacturers offer tailored sizes, bends, and risers to fit specific installation layouts.

• Installation Support: Technical guidance and pre-drilled components are often provided to simplify on-site assembly. These manufacturers provide reliable options for wire mesh cable tray systems in New Zealand, suitable for industrial, commercial, and specialized electrical installations .
