Cable tray prices in Palau typically range from $2 to $25 per meter, depending on material, type, and finish.

### Price Overview

The cost of cable trays varies significantly based on material and design. Common materials include: Galvanized steel: Durable and cost-effective, generally on the lower end of the price range ($2–$10 per meter)Stainless steel: Corrosion-resistant and suitable for harsh environments, priced higher ($10–$25 per meter)Aluminum: Lightweight and rust-proof, moderately expensive ($8–$20 per meter)Plastic trays: Budget-friendly but limited to light loads ($2–$8 per meter) The type of tray also affects cost: ladder trays are more expensive due to their load-bearing capacity, while wire mesh or perforated trays are cheaper and suitable for lighter cabling needs.

### Suppliers in Palau

Several suppliers and manufacturers serve the Palau market: VALDINOX and Emit Metal offer durable wire mesh and metal cable trays with industrial-grade quality. Local stainless steel and aluminum suppliers provide polished or coated trays, often sold in bulk to verified buyers. ### Cost Factors

Prices can fluctuate based on: Quantity: Bulk orders often reduce per-meter cost. Surface finish: Powder-coated or HDG trays cost more but last longer in corrosive environments. Shipping and installation: Heavier trays increase transport costs, and skilled labor adds to total expenses.

Customization: Specific lengths, shapes, or pre-drilled holes may increase price.

### Tips for Buying

Compare material and type based on your project's load and environmental conditions. Request bulk quotes from multiple suppliers to get competitive pricing. Consider pre-galvanized or powder-coated trays for outdoor or humid environments to balance cost and durability.

Verify delivery terms and lead times, especially for imported stainless steel or aluminum trays. By considering these factors, you can select good-quality cable trays in Palau that meet both budget and performance requirements.
