

British steel cable tray manufacturer

Overview

UK Cable Tray manufacturing companies are offering a wide range of solutions, from standard components to highly specialized, bespoke systems, meeting the needs of various sectors.

Key Takeaways

Leading UK manufacturers of steel cable trays include Aitkens Cable Tray Systems, Metsec, DB Sheetmetals, Channel & Tray, and CMW Ltd, offering a range of perforated, ladder, and heavy-duty trays.

Key Manufacturers

Aitkens Cable Tray Systems – Based in Scotland, Aitkens produces light, medium, and heavy-duty steel cable trays, manufactured from pre-coated galvanised steel with a zinc coating weight of 275g/m². Their systems are designed for commercial and industrial installations, with perforated tray beds and integral couplers for easy installation. They offer long product life expectancy and custom solutions for wet or polluted environments (BSC: 2–50 years depending on conditions).

Metsec – voestalpine Metsec manufactures a wide range of steel cable trays, including mild steel pre-galvanised, hot-dip galvanised, and stainless steel options. Their trays conform to BS EN 61537 standards and are available in various depths (12–50mm) and widths (50–900mm). Metsec provides bespoke systems, CAD design support, and comprehensive accessories for industrial and commercial applications.

D

B Sheetmetals – Specialises in precision-engineered steel and aluminium cable trays, offering custom designs to match project layouts, load capacities, and cable routing requirements. Their trays are corrosion-resistant, available in galvanised, stainless steel, or powder-coated finishes, and suitable for data centres, factories, offices, and infrastructure projects. **Channel & Tray** – Offers custom cable management solutions including heavy-duty trays, ladder systems, and wire mesh trays.

Their products are designed for durability, high load capacity, and easy installation, catering to industrial and commercial needs.

CM

W Ltd – Provides a variety of cable tray systems such as perforated trays, ladder trays, and trunking systems. Their products are designed for efficiency, corrosion resistance, and compliance with international standards, suitable for industrial and commercial installations.

Additional Notable Manufacturers

Other UK-based manufacturers include Tamlex, Expert Electrical Ltd, Press-Form, Briticom, Haley Products Ltd, Armorduct, Broad Power Limited, D-Line UK, Electrix International Ltd, Legrand Electric Ltd, Marshall-Tufflex, OE Electrics, Schneider Electric, Vantrunk, Oglaend System UK, Univolt (UK) Ltd, and Desktronic. These companies offer a variety of steel cable tray solutions, including ladder, perforated, and wire mesh designs, often with customisation options and compliance with UK and international standards.

Summary

The U

K has a strong network of steel cable tray manufacturers capable of supplying robust, corrosion-resistant, and customisable solutions for commercial, industrial, and infrastructure projects. When selecting a manufacturer, consider factors such as tray type, material finish, load capacity, compliance with BS EN standards, and availability of bespoke design services.
