

Bulgarian GYTA optical cable manufacturer

Overview

Fiber Optic Assembly Lab Cimler Ltd. is a Bulgarian manufacturer of high-quality optical cables, established in 2018.

Key Takeaways

Cimler Ltd. is a leading Bulgarian manufacturer of high-quality fiber optic cables, including GYTA-type armored cables.

Key Manufacturers

Cimler Ltd. Cimler Ltd., established in 2018, is a Bulgaria-based company specializing in fiber optic cable production. Their product range includes indoor and outdoor fiber optic cables, such as flat drop, self-supported, armored, and flexible models designed for durability and high-speed data transmission.

The company emphasizes reliability, top-grade raw materials, and compliance with international standards, making it suitable for telecom, industrial, and infrastructure applications. Their production plant began operating in early 2025, supporting large-scale manufacturing and timely delivery. Tilcom Ltd.

Founded in 1999, Tilcom Ltd. is a well-established supplier of cables, optical cables, and related accessories in Bulgaria. While primarily a distributor, Tilcom has extensive experience in the telecommunication and electrical equipment sectors, serving over 2,500 client companies. They provide high-quality optical cables and may offer GYTA-type solutions through partnerships with manufacturers.

Cable

Com Ltd.

Cable

Com Ltd., founded in 1999, focuses on computer networking, fiber optics, and data communication equipment. They supply and install structured cabling systems and fiber optic networks for government, petrochemical, and energy sectors.

Cable

Com works closely with international manufacturers and provides high-performance fiber optic solutions, potentially including armored GYTA cables. Other Notable Companies The Bulgarian fiber optic industry also includes Fibicon, Filkab AD, and CST, which manufacture or distribute high-quality fiber optic cables for FTTH, data centers, and industrial applications. These companies maintain rigorous testing and quality standards, ensuring compliance with European and international specifications.

Considerations for GYTA Cable Procurement

Cable Type: GYTA cables are armored, suitable for outdoor and direct burial applications. Confirm the manufacturer offers this specific type. **Standards Compliance:** Ensure the manufacturer adheres to ISO or IEC standards for fiber optic cables.

Production Capacity: Companies like Cimler Ltd. have modern production facilities capable of large-scale orders. **Technical Support:** Suppliers such as Tilcom and CableCom provide installation support and system integration services. For sourcing GYTA optical cables in Bulgaria, Cimler Ltd. is the primary manufacturer with direct production capabilities, while Tilcom Ltd. and CableCom Ltd. serve as distributors and integrators with access to high-quality fiber optic products.
