U-shaped steel cable tray a best-selling cold aisle product manufacturer

Overview

Cable Tray Systems Our cable tray systems securely hold and protect cables and come in many models and sizes, solid bottom Cable Tray Systems Over the past.

Key Takeaways

Galixis, MP Husky, and Atkore's US Tray are top manufacturers of U-shaped steel cable trays suitable for cold aisle applications.Galixis Wire Mesh Cable Tray

The Galixis U-shaped wire mesh cable tray is designed for industrial and commercial environments, offering a width of 200mm and height of 50mm. Its U-shaped structure ensures superior ventilation and heat dissipation, which is critical for cold aisle setups in data centers. Fabricated from high-quality carbon steel (Q235B) with an EZ plating surface treatment, it provides excellent corrosion resistance and long-lasting durability . This tray is ideal for managing power, fiber, and data cables while maintaining airflow.

MP Husky

MP Husky is a leading North American manufacturer of cable trays, including UL CSA NEMA-compliant wire mesh and basket cable trays. With over 50 years of experience, MP Husky focuses on high-quality, cost-effective, and innovative cable management solutions. Their U-shaped and wire mesh trays are engineered for efficient airflow, structural support, and easy installation, making them suitable for cold aisle and high-density data center environments . MP Husky also emphasizes customer support and engineering expertise, ensuring tailored solutions for complex applications.

Atkore's US Tray

US Tray by Atkore manufactures made-to-order cable trays built to NEMA standards and UL certified. Their wire basket and channel cable trays provide continuous airflow, dust protection, and robust cable support, which are essential for cold aisle configurations. US Tray products are customizable, allowing precise adaptation to specific data center layouts, and include features like Quick Latch™ self-splicing bars for faster installation . All products are made in the USA, meeting Buy America requirements.

Recommendation

For cold aisle applications, where airflow and heat management are critical, Galixis U-shaped trays offer a ready-to-use, corrosion-resistant solution. For larger-scale or customized installations, MP Husky and Atkore's US Tray provide engineered, high-quality, and flexible options with strong support and compliance with industry standards. These manufacturers are recognized for reliability, durability, and performance in mission-critical environments.
