Which company makes the best enclosed metal cable trays

Overview

Top 10 Cable Trays Manufacturers And Suppliers | B2B HeadlinesThis list of top 10 online B2B marketplaces and manufacturers will lead you to find your perf.

Key Takeaways

Niedax Group, OBO Bettermann, Legrand, and MP Husky are among the top manufacturers of high-quality enclosed metal cable trays.

Leading Manufacturers

Niedax Group (Germany) is renowned for its extensive portfolio of metal cable tray systems, including enclosed trays suitable for industrial, commercial, and energy sector applications. Their products comply with international standards such as IEC 61537 and are widely used in large-scale infrastructure projects across Europe, the Middle East, and Asia.

OB

O Bettermann operates globally in over 60 countries, offering metal cable trays engineered for demanding industrial environments. Their range includes standard perforated trays and specialized fire-resistant enclosed systems, making them a reliable choice for safety-critical installations. Legrand (France) provides a broad selection of cable management solutions, including steel and aluminum enclosed trays.

Through acquisitions like AFCO Systems, Legrand has expanded its product portfolio, ensuring compliance with international standards and adaptability for diverse applications.

M

P Husky (USA) is a leading North American manufacturer, producing aluminum, galvanized steel, stainless steel, and PVC-coated enclosed cable trays. Their systems meet or exceed NEMA, UL, CTI, and CSA standards, and they are widely used across industries for their reliability, strength, and innovative design. Considerations for Choosing a ManufacturerMaterial and Finish: Steel, aluminum, or stainless steel options affect durability, corrosion resistance, and suitability for indoor or outdoor use.

Compliance and Certification: Look for IEC, NEMA, UL, or CSA certifications to ensure safety and regulatory compliance. Application Needs: Fire-resistant, walkable, or heavy-duty trays may be required depending on industrial or commercial environments. Global Availability and Support: Manufacturers with international distribution and technical support can simplify procurement and installation.

These companies are recognized for high-quality enclosed metal cable trays, strong engineering expertise, and global reliability, making them top choices for professional cable management projects.
