Which manufacturers produce armored optical cable equipment

Overview

Top 100 Armored Cable Manufacturers in 2026 | ensunDiscover all relevant Armored Cable Manufacturers worldwide, including Atkore Flexicon and Northern Cabl.

Key Takeaways

Leading manufacturers of armored optical cables include Corning, Panduit, TiniFiber, Bonelinks, and Orient Cables, among others.Key Manufacturers
• Corning Inc.: A global leader in fiber optic technology, Corning produces high-performance armored optical cables suitable for both indoor and outdoor applications, including loose-tube and tight-buffered designs for harsh environments .

• Panduit: Offers a wide range of fiber optic infrastructure solutions, including armored cables designed for industrial and data center environments, emphasizing durability and long-term performance .

• TiniFiber: Specializes in U.S. patented Micro Armor Fiber® optical cabling solutions, providing ultra-small, lightweight, and highly rugged armored fiber cables for outdoor and OSP installations .

• Bonelinks: A professional manufacturer and supplier of armored fiber optic cables, offering both light-armored and heavy-armored options with various armoring methods such as corrugated steel tape, parallel steel wires, and central steel wire .

• Orient Cables: Produces a diverse range of armored cables, including fiber optic variants, with a focus on quality, international standards compliance, and timely delivery .

• Anfkom Telcom: Specializes in fiber optic products, including armored cables, with ISO-certified manufacturing and over a decade of export experience .

• Top Cable: Offers high-quality armored cables designed for reliable energy transfer and telecommunications, adhering to European and international standards .

• RLH Industries: Provides fiber optic solutions including armored cables, fiber patch cords, and outdoor enclosures, ensuring protection for telecommunications equipment .
Types of Armored Optical Cables
• Light-Armored Cables: Typically feature a protective plastic sheath or light steel armoring, suitable for semi-harsh environments and rodent protection .

• Heavy-Armored Cables: Wrapped with steel wire or multiple layers of metal, designed for direct burial and protection against animal gnawing and mechanical damage . These manufacturers cater to a variety of applications, including telecommunications, industrial installations, data centers, and outdoor network deployments, providing both standard and customized armored optical cable solutions.
