Wholesale Prices of Low-Voltage Network Cabinets

Overview

Organize and protect your sensitive networking and server equipment with the huge selection of network racks, cabinets, enclosures and accessories available online at Discount Low Voltage.

Key Takeaways

Wholesale low-voltage network cabinets typically range from $100 to $500 per unit, depending on size, customization, and order volume.

Price Overview

Wholesale prices for low-voltage network cabinets vary widely based on type, size, and manufacturer. Standard wall-mounted or floor-standing cabinets generally start around $100–$150 per unit for basic models, while larger or modular cabinets with advanced features such as IP-rated enclosures, modular busbar systems, or custom branding can reach $400–$500 per unit for bulk orders. Prices often decrease with higher order volumes, as suppliers offer discounts for distributors or large-scale purchases.

Suppliers and Sourcing

Alibaba offers a wide selection of wholesale low-voltage network cabinets from verified manufacturers, suitable for server and telecom applications, with options for dust protection and secure storage. Global Sources connects buyers with manufacturers from China, India, Korea, and other countries, providing factory prices, minimum order quantities (MOQs), and direct supplier contact for negotiation.

Made-in-

China provides OEM and custom options, including modular cabinets, top cable entry modifications, and logo embossing, with wholesale pricing dependent on specifications and order size. Discount-Low-Voltage.com supplies cabinets from brands like Kendall Howard and Chatsworth, focusing on network organization and cable management, though pricing may be higher than direct factory sourcing.

Factors Affecting Price

Cabinet Type: Wall-mounted, floor-standing, or modular enclosures. Material and Build Quality: Steel, ABS, or IP-rated protection. Customization: OEM branding, busbar fitment, cable entry modifications.

Order Volume: Larger orders reduce per-unit cost. Shipping and Import Fees: International sourcing may add costs.

Recommendations

For cost-effective bulk purchases, sourcing directly from Chinese or Indian manufacturers via Alibaba or Global Sources is recommended. For customized or branded cabinets, contact suppliers on Made-in-China for quotes and lead times. For smaller quantities or immediate delivery, distributors like Discount-Low-Voltage.com provide ready-to-ship options with professional support.

By considering these factors, businesses can secure competitive wholesale pricing while ensuring cabinets meet technical and operational requirements.
