

Cambodian Hollow Fiber Optic Connector Plug

Overview

Fiber optic plugs and connectors | Legrand Cambodia Fiber optic solutions (drawers, panels, connectors.) | Fiber optic plugs and connectors | ! Fibre opti.

Key Takeaways

Hollow fiber optic connector plugs in Cambodia are available through local manufacturers and import channels, with common types including LC, SC, E2000, and MPO connectors. Local Manufacturers and Suppliers

Cambodia hosts several suppliers and manufacturers of fiber optic connectors. WCFO (Cambodia) Co., Ltd produces a wide range of fiber optic components, including high-density optical racks, patch panels, attenuators, adaptors, splitters, WDM solutions, and various connector types such as LC, SC, E2000, and MPO . Other suppliers can be found through trade platforms like Trademo, which lists Cambodian fiber optic manufacturers and their export activities . Additionally, Legrand Cambodia offers fiber optic plugs and connectors suitable for networking and telecommunications applications .

Import and Market Data

Cambodia imports a significant portion of its fiber optic connectors, primarily from Vietnam, with 27 shipments recorded between June 2023 and May 2024 . The market has shown a 42% growth rate compared to the previous year, indicating increasing demand for fiber optic connectivity solutions. Imported connectors are used to complement local manufacturing and meet specialized requirements.

Connector Types and Specifications

Hollow fiber optic connectors in Cambodia typically include:

- LC (Lucent Connector): Small form factor, widely used in high-density applications.
- SC (Subscriber Connector): Standard push-pull connector for singlemode and multimode fibers.
- E2000: High-performance connector with low insertion loss, often used in telecom networks.
- MPO (Multi-Fiber Push-On): Supports multiple fibers in a single connector, ideal for data centers and high-speed networks . These connectors support singlemode and multimode fibers, with core diameters ranging from 3 μm to 1000 μm , and are compatible with various optical systems.

Sourcing Options

For procurement, users can:

- Contact local manufacturers like WCFO for custom or standard connector assemblies.
- Explore imported connectors through distributors or trade platforms, leveraging Cambodia's import data to identify reliable suppliers .
- Use online electronics distributors such as DigiKey for immediate availability of standard connector assemblies . By combining local manufacturing and imported products, Cambodian businesses can access a wide range of hollow fiber optic connector plugs suitable for telecommunications, data centers, and industrial optical networks.
