Where can I find a good explosion-proof distribution box

Overview

Conduit Outlet Box with Multiple Hubs, Explosion-Proof, Dust-Ignitionproof, Malleable Iron, Unilet, GRSS Box with Cover.

Key Takeaways

You can find certified explosion-proof distribution boxes from suppliers like Hexlonex, Everestoilfield, Inatex, and Atex Global, offering IECEx and ATEX certified solutions for hazardous areas.Recommended Suppliers and Products

Hexlonex offers durable explosion-proof distribution boxes and electrical enclosures suitable for Zone 1 and Zone 2 hazardous areas, fully IECEx and ATEX certified for industrial safety . Their products are designed for long-term reliability in demanding environments. Everestoilfield supplies a range of certified explosion-proof distribution boxes and ATEX transformers from brands like Appleton, ATKON, CZ, and CEAG, ensuring safe and reliable operation in industrial applications . Inatex provides modular explosion-proof distribution boxes, including the BXM (D)8050 series, featuring GRP construction, optional components, external rotary actuators for switches, and international brand terminals. They also offer customization options such as cable glands and special internal wiring . Inatex products are suitable for Zone 1 and Zone 2 hazardous areas. Atex Global offers the CE92 explosion-proof power distribution boxes, with main switch ratings up to 180A and branch circuits up to 100A, ideal for high-current industrial applications .

Key Considerations
• Certifications: Ensure the box is IECEx or ATEX certified for your specific hazardous zone.

• Current Ratings: Check the maximum current for main and branch circuits to match your system requirements.

• Modularity and Customization: Some suppliers offer modular enclosures and optional components for flexible installation.

• Environmental Suitability: Confirm the enclosure material (e.g., GRP) and ingress protection for your operating conditions. By choosing from these suppliers, you can obtain reliable, certified, and customizable explosion-proof distribution boxes suitable for industrial and hazardous environments.
