

Detailed Price List for Italian Electrical Cable Trays

Overview

News: Price List 2024 we inform you that as of January the 1st 2024 the new "2024" price list will come into force both for FEMI-CZ and for Cable Tray Pric.

Key Takeaways

Italian electrical cable tray price lists are available from leading manufacturers like FEMI-CZ, Spina Group, and Zamet, typically in PDF or Excel formats, covering various materials, types, and sizes.

- Key Italian Manufacturers and Product Types
 - FEMI-CZ and Steel Line CMS
 - Offer comprehensive price lists updated annually (latest 2024) in Excel and PDF formats .
- Products include galvanized steel, stainless steel, and wire mesh cable trays.
- Price lists can be accessed via the manufacturer's website or product pages for detailed specifications and pricing .
- Spina Group / Schiavetti Tekno
 - Provides ladder, perforated, closed-bottom, and wire-mesh cable trays in stainless steel, hot-dip galvanized, and aluminum .
- Standard widths include 300 mm and larger custom sizes, with accessories like elbows, junctions, supports, and covers.
- Pricing is typically available upon request, and custom sizes or thicknesses can affect cost .

- Zamet SpA
- Offers multiple systems (ZT, ZS, ZM, ZR, ZH, ZC, ZU, ZE, ZF) for civil and industrial applications .
- Prices are generally provided directly by the company based on system type, material, and project requirements.
- Other Suppliers
- Companies like Jeetmull Jaichandlall and other Italian manufacturers provide customizable cable trays in various sizes, shapes, and materials, with pricing available upon inquiry .
- They cater to industrial, construction, and infrastructure projects, offering both standard and tailored solutions.

How to Obtain Detailed Pricing

- Visit the manufacturer's official website (e.g., FEMI-CZ, Spina Group, Zamet) and look for the “Price List” or “Download” section .
- Contact the sales or customer service team for customized quotes, especially for non-standard sizes, materials, or large-scale projects.
- Request PDF or Excel versions of the price list to compare costs across different materials, tray types, and accessories.

Considerations for Pricing

- Material type: Stainless steel and aluminum trays are generally more expensive than galvanized steel.
- Tray type: Ladder, perforated, and closed-bottom trays have different manufacturing costs.
- Custom sizes and accessories: Elbows, junctions, covers, and supports can significantly affect total cost.
- Compliance and standards: Products conforming to EN and UL standards may have higher pricing due to certification and testing . For accurate and up-to-date pricing, it is recommended to download the latest price list from the manufacturer or request a direct quote, as prices can vary based on material, size, and project-specific requirements.
