

East Asia sells optical fiber cables

Overview

Eastern Asia This report provides a comprehensive view of the optical fiber, bundle and cable industry in Eastern Asia, tracking demand, supply, and trade.

Key Takeaways

East Asia hosts several leading optical fiber cable manufacturers, including YOFC, FiberHome, and Futong, which supply high-quality fiber optic solutions for telecommunications and data networks. Key Manufacturers in East Asia YOFC (Yangtze Optical Fibre and Cable Joint Stock Limited Company) – China YOFC is one of the largest fiber optic cable manufacturers in China and globally. They specialize in single-mode and multi-mode optical fibers, fiber optic cables, and pre-terminated solutions.

Their products are widely used in telecommunications, data centers, and 5G networks.

Fiber

Home Technologies Group – China FiberHome produces optical fibers, fiber optic cables, and integrated communication solutions. They focus on FTTH (Fiber to the Home), enterprise networks, and high-speed backbone infrastructure, with a strong presence in both domestic and international markets. Futong Group – China Futong manufactures optical fiber cables, optical communication equipment, and network solutions.

Their offerings include loose-tube and tight-buffered cables, suitable for long-haul, metro, and access networks. Hengtong Group – China Hengtong is a major supplier of fiber optic cables, optical fibers, and related accessories, serving telecom operators, utilities, and industrial applications. They emphasize high-capacity and environmentally friendly cable designs.

ZT

T Group (Zhongtian Technology) – China ZTT produces optical fiber cables, submarine cables, and optical components, supporting telecom, energy, and smart city projects. They are known for innovative cable designs and large-scale manufacturing capabilities. Sumitomo Electric – Japan Sumitomo Electric manufactures optical fibers, fiber optic cables, and photonic devices.

They are recognized for high-performance single-mode fibers and advanced cable solutions for telecom and enterprise networks. Furukawa Electric – Japan Furukawa provides optical fiber cables, connectors, and network solutions, with a focus on high-speed data transmission and reliable infrastructure. Their products are widely used in FTTH deployments and backbone networks.

L

S Cable & System – South Korea LS Cable & System produces optical fiber cables, copper cables, and network solutions. They supply telecom operators and industrial clients, emphasizing high-capacity and durable cable designs. Considerations for Choosing a Manufacturer Product Type: Single-mode vs. multi-mode, indoor vs. outdoor, submarine vs. terrestrial cables.

Certifications: ISO, Telcordia, and other quality standards for telecom infrastructure.
Regional Support: Local manufacturing and service centers can reduce lead times.
Technological Capabilities: Advanced fiber types (e.g., bend-insensitive, low-loss) and high-density cabling solutions.

These East Asian manufacturers are recognized for high-quality production, technological innovation, and large-scale supply capabilities, making them suitable for telecom, data center, and enterprise network projects.

Optical Fiber Cables Wholesale Suppliers, Manufacturers

Buy premium Optical Fiber Cables in bulk from verified wholesale suppliers and manufacturers in Asia. Best prices, bulk discounts, trusted deals at go4WorldBusiness .

Asia-Pacific Fiber Optic Cable Market Size, Growth Trends ...

Countries such as China, India, Japan, and South Korea are leading the adoption of fiber-to-the-home (FTTH) and fiber-to-the-building (FTTB) networks to meet the surging need for

Asia Pacific Fiber Optics Market Size | Industry Report, 2030

Urbanization and the growing digital economy in countries such as China, India, and Japan are driving the adoption of fiber optics. National broadband initiatives and government investments are

APAC Fiber Optic Cable Market: Challenges, Trends,

The Asia-Pacific fiber optic cable market is experiencing rapid growth, driven by increasing internet penetration, expanding 5G infrastructure,

China Top 10 Fiber Optic Cable Manufacturers in 2025

This guide ranks China's top 10 fiber optic cable manufacturers for 2025, based on market share, production capacity, innovation, and global reach.

Asia Pacific Fiber Optic Cables Market (2025-2031) | Value & Share

Market Forecast by Countries (China, India, Japan, Australia, Indonesia, Philippines, Thailand, Malaysia, Rest of Asia), By Platform (Civil, Military, Space), By Application (Avionics, Navigation, Weapon

Fiber Optic Cable And Split Fiber Box Market Size to Hit USD 13.5 ...

The global Fiber Optic Cable And Split Fiber Box Market was valued at USD 7.8 billion in 2025. The market is projected to reach USD 13.5 billion by 2035, growing at a CAGR of 6.0%. North

Fiber-To-The-Room Market Size, Share, Growth

Fiber-to-the-room reduces latency and enhances stability, enabling seamless digital experiences. Its architecture supports future-proof scalability and efficient

ADSS Cable Manufacturer

Get Factory-Direct Pricing on Fiber Optic Cables — No Middleman, No Markup ZTO Cable is a premier fiber optic cable manufacturer based in China, with over 20

Optical Fiber Patch Cord 2026 Trends and Forecasts 2034: Analyzing ...

Discover the booming optical fiber patch cord market! Our comprehensive analysis reveals a \$2256.6 million market in 2025, projected to grow at a 4.1% CAGR through 2033. Learn about key

Global Optical Fiber Cable Market Size, Share and Outlook 2025-31

Answer: The Global Optical Fiber Cable Market report covers major regions such as North America, Europe, Asia-Pacific, Middle East & Africa. Each region is analyzed for trends, opportunities, and

Fiber Optic Cables For Military Aerospace Market Opportunity

The Fiber Optic Cables For Military Aerospace Market was valued at USD 1.63 Billion in 2025 and is projected to reach USD 3.68 Billion by 2035, growing at a CAGR of 8.5% from 2027 to

Asia's Optical Fiber Cables Market Report 2026

The optical fiber cables market in Asia is characterized by the overwhelming dominance of China in both consumption and production. From 2020 through 2024, China accounted for 45% of

Core Wired Networks Market Size and Growth Forecast Report 2035

The market value includes the value of related goods sold by the service provider or included within the service offering. The core wired networks market also includes sales of fiber optic cables, copper

High Power Coated Fiber Optic Cable Market Size Report 2026-2033: Sales ...

The "High Power Coated Fiber Optic Cable Market" prioritizes cost control and efficiency enhancement. Additionally, the reports cover both the demand and supply sides of the market.

Multimode Duplex Fiber Patch Cable Market Outlook: Strategic

The Multimode Duplex Fiber Patch Cable Market is growing at a CAGR of 4.1% from 2026 to 2033, reflecting a robust trajectory amid the increasing reliance on fiber optic solutions in various

Fiber Active Optical Cable Market Analysis: Trends, Share, Sales, and ...

The Fiber Active Optical Cable Market prioritizes cost control and efficiency enhancement. Additionally, the reports cover both the demand and supply sides of the market.
