

Fast Fiber Optic Connector Supplier

Overview

High Speed Fast Connector-OEM Fiber Solutions CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for teleco.

Key Takeaways

Leading companies for fiber optic fast connectors include HRI Connect GmbH, CFOFC, Shenzhen Deyou Industrial Co., Ltd., and HUIHONG Technologies, offering pre-polished, field-installable connectors for FTTH, LAN, and telecom networks. Key Companies and Offerings

HRI Connect GmbH provides the Carefiber Fast Connector series in FC, SC, and LC variants, supporting 250µm to 900µm single-mode and multi-mode fibers. Their connectors feature pre-polished ferrules, mechanical splicing, and tool-free installation, making them suitable for both indoor and outdoor applications. They emphasize high-quality zirconia ferrules and reliable connections without epoxy or polishing, ideal for quick field termination. CFOFC has over 20 years of experience manufacturing fast fiber optic connectors. They offer LC, SC, MPO, and other quick-connect types for FTTH, telecom nodes, and temporary setups. Their connectors use precise ceramic ferrules with CNC-machined V-grooves, ensuring low insertion loss (≤ 0.3 dB) and high return loss (≥ 50 dB for APC). They provide OEM/ODM services, customizable connector types, and fast shipping for standard and custom orders. Shenzhen Deyou Industrial Co., Ltd. specializes in high-speed fiber quick connectors for FTTH networks. Their products are pre-polished, field-installable, and use mechanical splice technology or index-matching gel for low insertion loss. Typical assembly time is 1–2 minutes per connector, compatible with SC, LC, and FC types, and suitable for single-mode and multi-mode fibers. These connectors are widely used for last-mile connections, data centers, and emergency repairs. HUIHONG Technologies focuses on FTTH fast fiber connectors, including SC/UPC, SC/APC, LC/UPC, and LC/APC types. Their connectors are compact, easy to terminate by hand, and do not require fusion splicers or power supply. They feature precision ceramic components, triple clamping for fiber, buffer, and cable, and high tensile strength, ensuring durability and reliable optical performance in field installations.

Applications and Advantages

- FTTH Networks: Quick termination of subscriber drop cables to optical distribution frames or ONTs.
- Data Centers and LAN/WAN: High-density connections with compact designs for space-constrained environments.
- Telecom and CATV: Rapid deployment and maintenance without fusion splicing.
- Key Benefits: Tool-free installation, pre-polished ferrules, low insertion loss, high return loss, and compatibility with single-mode and multi-mode fibers. These companies provide reliable solutions for installers, system integrators, and telecom operators seeking fast, efficient, and high-performance fiber optic connections.

High Speed Fast Connector-OEM Fiber Solutions

CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for telecom networks and security

Marketable Wholesale Fast Connector Maker

These fast connectors complement our range of fiber optic connectivity tools with ease, helping installers

Optix America

OPTIX AMERICA is dedicated to providing outstanding service and integrity to the fiber optic industry in

Welcome

Our fiber optic cables are made to deliver fast reliable data on a consistent basis. Our in-house

FiberOptic Supply

We offer fiber optic materials from Test Equipment, Bulk Cable and Fusion Splicers to Tools, Patch Cables and Consumables.

High Speed Fast Connector-OEM Fiber Solutions

High-Quality Fast Connector Solutions CFOFC makes fast fiber optic connectors that are easy to install

Fiber Optic Cable Supplier, Distributor

Stocking distributor of fiber optic installation tools, bulk fiber cables, fiber patch cables, test equipment,

Fiber Optic Connectors

Fiber Optic Connectors With proven field-installable connector technology, fiber terminations are fast, easy, and reliable. Corning

Fiber Connectors

Fiber Optic Connectors are used to connect two runs of fiber optic cable and consist of an adapter assembly along with two plugs.

10 Best Fiber Optic Manufacturers for 2026

This comprehensive guide examines the top fiber optic cable manufacturers delivering high-performance fiber optic

SC/UPC SM Fast Connector

Buy the high quality and highly efficient sc/upc sm fast connector with our factory. We are one of the

Fiber Optic Connectors | Graybar Store

Shop Our Inventory Of Fiber Optic Connectors Online. Graybar Is Your Trusted Distributor For Fiber Optic Connectivity.

Understanding Fiber Connectors and Fast Connectors:

Fiber Connectors Overview Fiber optic connectors are essential components in optical
