

High-density outdoor constant temperature cabinet NEMA4X in stock

Overview

This 24U thermostatic outdoor cabinet with NEMA-rated electrical enclosure is designed for telecom, solar, and power distribution systems. Constructed from high-strength galvanized steel and rated IP55, it offers reliable protection in harsh environments. A High Temperature Continuous Operation Cabinet Cooler system combats heat in elevated temperature ambient environments and produces a positive purge on the cabinet. A low cost, reliable way to cool and purge electronic control panels. Thermostat controlled cooler systems are the best option when experiencing fluctuating heat loads caused by. Features: Dimensions: 24" W x 24" H x 12" D Color: ASA 70 Gray Outdoor, NEMA Type 4 2000 BTU AC Unit (no heater □ see ACHT units for AC and Heat) Variable Control Thermostat Tamper Switch Interior water channel & gaskets for added protection. Features: Dimensions: 24" W x 24" H x 12" D Color: ASA. Global Recycled Standard (GRS) certified products contain recycled content that has been independently verified at each stage of the supply chain, from the source to the final product and meet social, environmental, and chemical requirements.
