

Indonesian manufacturer of power distribution boxes

Overview

Manufaktur Box Panel Listrik | MaxiBox Triyasa Mitra PT Triyasa Mitra Engineering (TME) adalah produsen box panel listrik dan enclosure kelistrikan terkemu.

Key Takeaways

Key Indonesian manufacturers of power distribution boxes include PADI Electric, Powertek Indo Asia, Jeko Elektrindo Jaya, and PT Duta Wijaya Elektrindo Engineering. Leading Manufacturers

PADI Electric (PT Perkasa Adi Daya Indonesia) specializes in manufacturing and distributing high-quality electrical products, including junction boxes, panel boxes, and cable trays. They offer custom fabrication in steel, stainless steel, aluminum, and PVC, catering to both local and international standards . Powertek Indo Asia provides integrated electrical solutions, including custom-designed Medium Voltage (MV) and Low Voltage (LV) switchgear panels, distribution boards, mobile/container substations, and power factor correction systems. They are a licensed partner of Siemens and authorized distributor for brands like Danfoss and Watts, offering installation, testing, and maintenance support . Jeko Elektrindo Jaya focuses on LV, MV, and HV switchgear systems, as well as compact and containerized substations. Founded in 2018, they emphasize innovation, safety, and sustainability, providing solutions for industrial, commercial, and utility applications across Indonesia . PT Duta Wijaya Elektrindo Engineering (Duta Wijaya Panel) has over 30 years of experience in LV switchboard manufacturing. They are licensed partners of ABB Pro E Power and Schneider Prisma Type Tested switchboards. Their products are widely installed in buildings, offices, hotels, and factories throughout Indonesia, and they maintain certifications from LMK PLN .

Additional Considerations

These manufacturers offer a range of services beyond product supply, including custom design, fabrication, installation supervision, testing, commissioning, and after-sales support. Many are certified to meet both local and international standards, ensuring reliability and compliance for industrial and commercial electrical distribution systems. For businesses or projects in Indonesia, these companies represent trusted options for sourcing power distribution boxes and switchgear solutions tailored to specific voltage requirements and operational needs.
