National Fiber Optic Patch Cord Manufacturers

Overview

Fiber Optic Patch Cords Manufacturers and Suppliers in theManufacturer and distributor of standard and custom fiber optic patch cords or cables for office.

Key Takeaways

Leading U.S. manufacturers of fiber optic patch cord connectors include Vericom, CP Technologies, Fibertronics, CommScope, and Firecomms, offering a wide range of standard and custom solutions for diverse industries.Key U.S. Manufacturers

1. Vericom – Based in Knoxville, TN, Vericom produces network infrastructure products including fiber optic patch cords, adapters, and PDUs. Their products meet ANSI/TIA-568 and ISO 11801 standards and are UL and RoHS certified, serving global markets with high-quality connectivity solutions . 2. CP Technologies – Located in Tustin, CA, CP Technologies specializes in fiber optic patch cords, copper patch cables, and SFP transceivers. Established in 1984, they provide ISO9001-certified products suitable for telecom, data centers, and enterprise networks . 3. Fibertronics, Inc. – A U.S.-based, SBA-certified woman-owned business, Fibertronics manufactures custom fiber optic cable assemblies and patch cords. They focus on high-quality, tailored solutions compliant with NEC 770 and other industry standards . 4. CommScope – A global leader with U.S. operations, CommScope offers factory-connectorized, machine-polished fiber patch cords designed for seamless connectivity in data centers, telecom networks, and enterprise environments . 5. Firecomms Ltd. – Produces single- and multi-mode fiber optic patch cords for aerospace, automotive, medical, and industrial applications. Their U.S.-made products support both long-range and short-range data transmission .

Additional Notable Manufacturers
• Thorlabs – Offers a wide range of fiber patch cables for research and industrial applications with customization options .

• Norden Communication – Provides structured cabling solutions including high-performance fiber patch cords for enterprise networks .

• Newport – Specializes in multimode fiber patch cables for demanding telecom and industrial environments .

• CRXCONEC – Although Taiwan-based, they supply advanced fiber patch cables with features like LED tracking for U.S. clients .
Product and Connector Types

These manufacturers provide a variety of connector types including LC, SC, FC, ST, MPO/MTP, and hybrid configurations. Products are available in single-mode (OS1/OS2) and multimode (OM1–OM5) fibers, with options for simplex, duplex, armored, waterproof, and uniboot designs. Many companies also offer custom lengths, labeling, and pre-terminated assemblies for data centers, FTTH, industrial automation, and outdoor applications .

Choosing a Manufacturer

When selecting a U.S. fiber optic patch cord manufacturer, consider:

• Compliance and certifications (UL, RoHS, ISO9001)

• Customization capabilities (length, fiber type, connector type)

• Industry experience (telecom, data centers, industrial, medical)

• Support services (engineering, prototyping, labeling, kitting) These factors ensure reliable performance, regulatory compliance, and compatibility with your network infrastructure.
