Price of Chilean Aviation Electronics Intelligent LC Adapter

Overview

Skylight Avionics ARINC 429 Price List | PDF | Aircraft | ElectronicsThe document is a price list from Skylight Avionics that provides pricing information.

Key Takeaways

Chilean outlet adapters typically range from $10 to $25 USD, depending on brand, features, and seller.

Chilean Aviation Electronics Intelligent L

C Adapters are designed to allow devices from countries with different plug types (US, EU, UK, Australia) to safely connect to Chile's Type L outlets, which operate at 220V and 50Hz. These adapters are passive plug converters, meaning they change the plug shape but do not convert voltage, so your device must be dual-voltage or used with a separate voltage converter.

Features and Specifications

Plug Type: Type L (three round pins arranged in a triangular pattern)Voltage: 220V, 50HzMaximum Current: 16ACompatibility: Works with laptops, smartphones, cameras, and other dual-voltage electronics Safety: Many models include surge protection, flame-retardant materials, and secure fit to prevent accidental disconnection Portability: Compact and lightweight, ideal for travel Price GuidanceOn Amazon and AliExpress, similar travel adapters for Chile are generally priced between $10 and $25 USD per unit. Prices vary based on brand, additional features (like USB ports or surge protection), and whether the adapter is sold individually or in a multi-pack.

For the most accurate and current price, check Amazon, AliExpress, or specialized electronics retailers and confirm shipping costs to your location.

Buying Tips

Ensure your devices are dual-voltage (85–240V) to avoid damage.

Look for C

E or RoHS certifications for safety compliance. Consider adapters with built-in surge protection if you plan to use sensitive electronics. Multi-country adapters can be useful if traveling beyond Chile, covering Type C, L, and other regional plugs.

By following these guidelines, you can safely purchase a Chilean LC adapter and ensure your electronics function properly while traveling.
