

Price of fiber optic cable pre-embedded conduit

Overview

Fiber optic cable installation costs average \$4,500 for most homeowners, with most installations ranging from \$1,500 to \$7,000. Fiber-optic cable materials typically cost \$1 to \$6 per linear foot, depending on fiber count and cable type. Single-mode fiber costs less per foot than multimode fiber, but it requires more. Our pre-terminated Fiber Optic Cables offer a plug and play custom fiber solution for seamless installation in electrical conduits or within walls for both residential and commercial settings. The main cost drivers include trenching or aerial deployment, materials, labor hours, and any required permits.
