

Price of ladder-type cable trays

Overview

Ladder Cable Trays | McMaster-Carr Choose from our selection of ladder cable trays, including cable and hose trays, heavy duty open cable and hose carriers.

Key Takeaways

The standard price of ladder-type cable trays ranges from approximately ₹90 to ₹98 per meter in India, depending on the supplier and material specifications. Pricing Overview Ladder-type cable trays are typically sold in standard lengths of 2.4 meters for hot-dip galvanized models, which are commonly used for electrical wiring support in buildings.

Prices vary based on material, coating, and supplier: JP Electrical and Controls: Starting at ₹90 per meter Global Manufacturers and Traders: Starting at ₹90 per meter Parmar Metals Private Limited: Starting at ₹98 per meter These prices are indicative for hot-dip galvanized ladder trays, which provide corrosion resistance and durability. Bare galvanized or other coated options may have slightly different pricing.

Factors Affecting Price

Material and Coating: Hot-dip galvanized trays are more expensive than bare galvanized or powder-coated trays due to enhanced corrosion protection.
Dimensions: Widths and heights of the tray (e.g., 50mm, 70mm, 100mm, 120mm) can influence cost.
Fittings and Accessories: Elbows, tees, risers, covers, and joint connectors are priced per piece and add to the overall project cost.

Supplier and Bulk Orders: Prices may vary between suppliers, and bulk purchases often attract discounts.

Regional and Supplier Considerations

In India, suppliers like Y K Enterprises, Bajiya Industrial Corporation, and R V Electricals are known for reliable service and competitive pricing. For international markets, prices may differ due to shipping, import duties, and local material costs. Suppliers like McMaster-Carr and Legrand offer ladder trays with various specifications and fittings.

Summary

For budgeting purposes, expect ladder-type cable trays to cost around ₹90–₹98 per meter in India for standard hot-dip galvanized models. Additional costs for fittings, custom dimensions, or premium coatings should be considered when planning a project.
