

Price of right-angle bends for cable trays

Overview

Cable Tray Bend Supplier | Horizontal & Vertical Bend Fittings Mesh Cable Tray supplies cable tray bend fittings for project cable management systems, inclu.

Key Takeaways

Right-angle (90°) cable tray bends typically range from £15 to £50 per unit depending on material, duty rating, and supplier. Pricing Overview Heavy-Duty HDG Steel Bends (450mm): These are designed for industrial and commercial applications, offering durability and corrosion resistance. Prices are generally around £40-£50 per bend, with bulk or trade pricing available upon request from suppliers like Direct Channel UK.

Medium-

Duty Pre-

Galvanised Bends: Suitable for standard cable management systems, these bends are more affordable, typically £15-£30 per unit, and are available from suppliers such as Shop4 Electrical with free next-day delivery for orders over £100 ex VAT. Stainless Steel Bends (316 & 304): Used in hygienic or specialized environments like food processing or pharmaceuticals, these bends are precision-engineered and more expensive, often £50+ per unit, depending on size and finish.

Supplier Options

Direct Channel U

K: Offers heavy-duty HDG steel 90° bends with fast UK delivery and trade pricing for bulk orders.

Netceed U

K: Stocks cable tray bends from leading brands like Armorduct and Unistrut, suitable for various tray systems. Shop4 Electrical: Provides medium-duty pre-galvanised bends with online ordering and next-day delivery.

Trade

Sparky: Features bends from top brands such as Legrand, catering to professional electrical installations.

Considerations

Material and Duty Rating: Choose bends based on the weight and type of cables, environmental exposure, and whether the installation is indoor or outdoor.

Compatibility: Ensure the bend matches your existing cable tray system (e.g., Unitrunk, Armorduct). Bulk Orders: Many suppliers offer discounts for larger quantities, so contacting the sales team can reduce costs.

Delivery: Standard UK delivery is usually 1–2 working days, but heavy or custom orders may take longer. By selecting the appropriate material and duty rating, you can balance cost with durability and ensure a reliable, finished cable tray installation.
