

# Price quote for a 24-port fiber optic terminal box

## Overview

Looking for a fiber distribution box that's high-quality, affordable, and built to last? Look no further than MellaxTel.

## Key Takeaways

A 24-port fiber optic terminal box typically costs between \$50 and \$200, depending on features, materials, and brand.

## Price Range and Factors

The cost of a 24-port fiber optic terminal box varies based on several factors: Material and Build Quality: Boxes made from high-impact engineering plastics or cold-rolled steel with UV and impact resistance tend to be more expensive, while basic plastic models are cheaper. Indoor vs Outdoor Use: Outdoor-rated boxes with IP56 or IK10 protection for weather and impact resistance cost more than indoor-only units. Included Features: Units with splice trays, pre-installed adapters, sliding supports for easy maintenance, or splitter-ready designs can increase the price.

Brand and Supplier: Well-known brands or suppliers with warranties and after-sales support may charge a premium compared to generic or bulk-purchase options.

## Typical Examples

Basic wall-mounted 24-port boxes for indoor use can cost around \$50-\$80. High-density or outdoor-rated boxes with multiple splice trays and splitter compatibility typically range from \$120-\$200. Bulk or wholesale purchases from platforms like Alibaba may offer lower per-unit costs, especially for large orders.

## Additional Considerations

**Shipping and Taxes:** Prices often exclude shipping, import duties, or local taxes, which can add to the total cost. **Accessories:** Fiber pigtails, adapters, and mounting hardware may be sold separately, affecting the overall budget. **Warranty and Support:** Some suppliers offer 1–2 years warranty on fiber components and the enclosure, which can justify higher prices.

In summary, when budgeting for a 24-port fiber optic terminal box, expect to pay \$50–\$200 per unit, with higher-end models offering enhanced durability, outdoor protection, and advanced features for easier fiber management.
