

Qatar Ground Cable Tray Manufacturer

Overview

Home | Al Qatar From cable trays and ladders to low-voltage switchgear panels, we offer a full suite of solutions—all under one roof. This reduces procureme.

Key Takeaways

Leading cable tray manufacturers in Qatar include Advance Line Cable Management, Altura Industries, Qatar Technical, TransDelta International, and ServeGas, offering a wide range of cable management solutions. Key Manufacturers1. Advance Line Cable Management System L.

L.

C Located in Birkat Al-

Awamer, Doha, Advance Line manufactures cable trays, ladders, trunkings, basket trays, strut channels, and GI switch boxes. Their products comply with British standards, and they offer solutions for both industrial and commercial installations. The company emphasizes durable, high-performance cable management systems with easy installation and continuous airflow designs for basket trays.

2. Altura Industries Based in the New Industrial Area, Doha, Altura Industries provides cable trays, ladders, trunking, and wire basket systems. They specialize in BS EN 61537: 2007-compliant products and offer GRP/FRP trays for corrosive environments, making them suitable for oil, gas, and marine industries.

Altura also manufactures Unistrut channels and accessories for MEP contractors. 3. Qatar Technical Qatar Technical offers a range of cable support systems, including solid and perforated cable trays, cable trunking, and ladders.

Their products are made from pre-galvanized steel, with options for hot-dip galvanization. They provide adaptable accessories and fittings for flexible installation and support high-volume or heavy cabling. 4.

Trans

Delta International Industries L. L.

C Trans

Delta, part of the TRANSCON Global Group, manufactures cable trays, ladders, trunking, flush floor and underfloor trunking. Their systems are ISO-certified and meet global industry standards. They serve prestigious projects across Qatar and the GCC, offering high-quality, reliable cable management solutions with strategic regional distribution.

5.

Serve

Gas Serve

Gas in Doha supplies industry-leading cable and cable tray solutions for efficient cable management in various applications. They focus on providing trusted, high-quality products suitable for both commercial and industrial installations.

Considerations for Selection

Material and Coating: Choose between pre-galvanized steel, hot-dip galvanized, or GRP/FRP depending on environmental exposure. Standards Compliance: Look for BS EN 61537: 2007 or British standard compliance for quality assurance. Application Type: Basket trays for airflow, solid trays for heavy support, and ladders for long-span installations.

Local Support: Manufacturers with Doha-based facilities can provide faster delivery and installation support. These manufacturers collectively cover a wide range of ground cable tray solutions suitable for industrial, commercial, and infrastructure projects in Qatar.
