Qatar Stainless Steel Cable Tray Models and Specifications

Overview

Cable Trays Supplier in QatarFind Cable Trays in Qatar. Buy Cable Trays at the best price from Electra, one of the leading suppliers of Cable Trays in Qata.

Key Takeaways

Qatar offers a wide range of stainless steel cable trays including solid, perforated, wire mesh, ladder, and trunking systems from leading suppliers like ICMS, Altura Industries, and Qatar Technical. Major Cable Tray Types1.

Solid Cable Trays

Provide full support for cables and are ideal for heavy-duty applications. Available in multiple widths and heights, typically ranging from 50/50 mm to 300/300 mm. Suitable for installations where airflow is not critical.

2.

Perforated Cable Trays

Feature holes for ventilation to prevent overheating of cables. Commonly used in industrial and commercial buildings where air circulation is required. 3.

Wire Mesh / Basket Cable TraysConstructed from high-resistance steel for flexibility and easy cable routing. Ideal for complex cable layouts and retrofit projects. Allows smooth cable pulling and reduces installation time.

4.

Cable Ladders

Designed for supporting high-volume or heavy cabling over long spans. Provide robust support and are preferred in industrial and large-scale construction projects. 5.

Cable TrunkingWall-mounted systems for guiding and protecting electrical, telecommunication, and computer cables. Quick and economical solution for low to medium cable volumes. Notable Suppliers and Their OfferingsICMS (Industrial Cable Management System Co)Offers a full range of cable trays, ladders, trunking, and support systems manufactured to international standards.

Stainless steel trays are available with various fittings and accessories for flexible installation.

Altura Industries

Provides stainless steel wire basket trays, ladder trays, and trunking systems. Products comply with BS EN 61537: 2007 and are suitable for harsh environments like petrochemical and marine industries.

Qatar Technical

Supplies solid and perforated stainless steel trays, cable ladders, and trunking. Offers 12 standard width/height combinations for trunking (50/50 mm to 300/300 mm) and a range of accessories including cantilever arms, clamps, and U-channels. Pioneer Metal / Kirac GroupManufactures a complete range of cable trays, ladders, trunking, and unistrut channels.

Products are certified to NFPA 130 and meet ISO and BS standards.

Accessories and Fittings

Cantilever arms, clamps, U-channels, and support brackets. Hot-dip galvanization or other coatings available on request for corrosion resistance. Custom fittings for bends, tees, and junctions to accommodate complex layouts.

Summary

In Qatar, stainless steel cable trays are available in solid, perforated, wire mesh, ladder, and trunking designs, with multiple width and height options. Leading suppliers like ICMS, Altura Industries, Qatar Technical, and Pioneer Metal provide complete systems including trays, ladders, trunking, and all necessary accessories, ensuring compliance with international standards and suitability for industrial, commercial, and harsh-environment applications.
