Russian Data Center Cable Tray Manufacturer

Overview

Cable trays Own production facilities utilizing advanced Russian and European equipment ensure prompt manufacture of all the required Cable Tray Manufactur.

Key Takeaways

Leading Russian manufacturers of cable trays for data centers include EKA Group, PitON Electric, and Ekoplast, offering certified, high-quality cable management systems.EKA Group

EKA Group, founded in 1997, is one of Russia's leading manufacturers of cable support systems for electrical installations, including data centers . Their products are made from cold-rolled and galvanized steel sourced from top Russian manufacturers and comply with industry standards. EKA provides certified cable trays, ladders, and underfloor trunking systems, and their production facilities feature automated, high-capacity lines. They also supply precision air conditioning equipment for server environments, making them a comprehensive solution provider for data center infrastructure .

PitON Electric

PitON Electric specializes in cable trays and bus ducts, emphasizing reliability and durability . Their production uses advanced Russian and European equipment, ensuring prompt manufacturing. PitON offers technical support and customized solutions for industrial and commercial clients, including data centers, and focuses on the safety of power distribution systems .

Ekoplast

Ekoplast is a certified Russian manufacturer producing cable trays, channels, and accessories for electrical wiring . Their products meet ISO 9001:2008 standards and CE certification for the European Union, ensuring high quality and compliance with international standards. Ekoplast provides a wide range of solutions for both hidden and outdoor electrical installations, suitable for data centers and other critical facilities .

Additional Suppliers

Other Russian suppliers and exporters of cable trays can be found through B2B platforms like TradeKey and Europages, offering fiber-optic cable trays, metal ladders, and custom cable management solutions . These platforms list multiple manufacturers capable of supplying large-scale data center projects.

Summary

For data center applications in Russia, EKA Group, PitON Electric, and Ekoplast are the most prominent manufacturers, providing certified, high-quality cable trays and support systems. They offer custom solutions, technical support, and compliance with international standards, making them suitable for critical infrastructure projects.
