

Single-mode 4-core optical cable in stock

Overview

In Stock 4 Strand Indoor/Outdoor Plenum SM Armor Fiber Optic Cable This indoor/outdoor armored cable has a water blocking aramid yarn strength member surround.

Key Takeaways

Single-mode 4-core optical fiber cables are available in stock from multiple suppliers for both indoor and outdoor applications.

Suppliers and Options

Alibaba offers bulk 4-core single-mode fiber optic cables suitable for indoor and outdoor use, with CE certification for quality assurance. These are ideal for large-scale installations or wholesale purchases. MeFiberOptic provides 4-core LC/UPC-LC/UPC single-mode 9/125 armored patch cables.

They have stock available and offer free samples for evaluation, making them suitable for both testing and deployment. Glasfaserkabel.de supplies 4-core single-mode cables (OS1/OS2) with SC connectors, compatible with indoor and outdoor installations. They also offer customization options for cable length, connector type, and fiber count.

Fiber24 carries high-quality 4-core LC/UPC single-mode loose tube outdoor cables with rodent protection and pulling aids. These are supplied on drums starting from 100 meters, suitable for underground or above-ground installations.

Ali

Express lists indoor 4-core single-mode optical fiber cables (GJFJV type) in various configurations, including 6-core, 8-core, and 12-core options. These are available with worldwide shipping, though some users report handling challenges with the buffer coating.

Key Considerations

Connector Type: LC, SC, or customized connectors depending on your network equipment. Fiber Type: OS1 or OS2 single-mode fibers for long-distance transmission. Installation Environment: Indoor, outdoor, or armored cables for protection against environmental factors.

Length and Bulk: Options range from short patch cables to long installation drums. These suppliers provide immediate stock or customizable options, allowing you to select cables that meet your technical and logistical requirements.
