

# Taiwanese manufacturer of optical fiber cable protection pipes

## Overview

Premium fiber optical cable manufacturer providing custom solutions for FTTH, data centers, and more. High standards, global support, and fast turnaround.

## Key Takeaways

FiTek, ACON, Wonderful Hi-Tech, Lorom Industrial, and Shiner Fiber Optics are leading Taiwanese manufacturers offering optical fiber cable and protection solutions. Key Manufacturers FiTek Founded in 1999 and headquartered in Taoyuan, Taiwan, FiTek specializes in optical fiber indoor cables, patch cords, and protective solutions including anti-rodent optical cable series. They provide comprehensive services for FTTH, data centers, and military applications, emphasizing R&D, patent-certified products, and customized solutions for cable protection and installation challenges.

## ACON ACO

N focuses on high-end fiber optic interconnection products, including single-mode APC connections for telecom and datacom applications. While primarily known for patch cords and interconnect solutions, their expertise in fiber optic technology supports integration with protective conduits and cable assemblies.

## Wonderful Hi-

Tech A leading manufacturer of electronic wire and cable since 1978, Wonderful Hi-Tech offers a wide range of certified products, including fiber optic cables. Their vertically integrated production ensures quality and innovation, suitable for applications requiring durable cable protection. Lorom Industrial Co., Ltd.

Lorom Industrial provides fully integrated cable and cable assembly products, emphasizing rapid delivery and high-quality standards. Their offerings include protective cable assemblies suitable for industrial and telecom environments. Shiner Fiber Optics Founded in 1987, Shiner Fiber Optics specializes in plastic optical fiber light pipes (POFLPS) and long-distance fiber systems.

While their focus is on lighting and decorative applications, they also provide total construction solutions, including material selection and protective fiber systems for interior and exterior installations.

### **Additional Resources**

For a broader list of Taiwanese suppliers, Taiwantrade and GoPhotonics directories list multiple optical fiber manufacturers, allowing direct inquiries and comparison of protective cable solutions. These companies collectively offer a range of optical fiber cable protection pipes, armored or anti-rodent solutions, and related fiber optic products suitable for telecom, data center, and industrial applications.

## **Article Content**

### **Premium Fiber Optical Cable Manufacturer**

Premium fiber optical cable manufacturer providing custom solutions for FTTH, data centers, and more. High standards, global support, and fast turnaround.

Taiwan Fiber Optics, Inc.

If you are looking for the very latest in fiber-optic technology, you are in the right place. We are Taiwan Fiber Optics, a leading creator and manufacturer of customized fiber optics for clients in a wide range

### **Fiber Optic Cable Manufacturers**

The leading Fiber Optic Cable Manufacturers in Taiwan are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view

### **Optic Fiber Protection Pipes**

Shop for high-quality optic fiber protection pipes from reliable suppliers. Enjoy durable, flexible, and customizable solutions for your fiber optic needs.

List of fiber optic cable manufacturers products, suppliers ...

Find 147 fiber optic cable manufacturers products from 26 manufacturers and exporters. Get product details, latest price or franchising opportunity on Taiwantrade.

### **EVODUCT Optical cable pipes**

When constructing ground-buried optical cable and communication cable systems, the best solution is to ensure the long-term protection of the cables with rigid

Fiber optic protective pipes

Fiber optic pipes are an essential component in the infrastructure of modern telecommunication networks. They not only provide reliable protection for fiber optic cables against mechanical damage

High Density Polyethylene (HDPE) Cable Protection

HDPE Pipes for Cable Protection We produce a wide variety of protection pipes in PE and PVC for telecommunication and power cables, as well as fiber optic

Fiber Optic Cable Protection Tubes | Get A Quote

Our OPTOFLEX wire and cable protection products provide reliability, durability, and high performance in your demanding applications. Our products are used to

HDPE fiber optic conduit

HDPE fiber optic conduit has become an ideal choice for fiber optic communication and power cable wiring due to its excellent physical properties

HDPE optical cable protection pipes

These pipes for cable protection are proven on many projects including the thousands of kilometers of fiber optic cable laid across the Balkan. Thanks to its exceptional characteristics ensure the full

Skycable Enterprise

SkyCABLE Enterprise Co., Ltd., is a Taiwan based manufacturer. With production facilities in Taiwan, Cambodia, and China, Skycable manufactures high frequency cables for data, audio and video, such

Protective Pipes and Sleeves for Powerlines | Pipelife

For fiber optic cable protection, we also offer a complete range of polyethylene (PE) piping solutions. Working closely with major telecommunication service

Taiwanese Optical Fiber Cables Suppliers, Manufacturers,

Find Optical Fiber Cables Suppliers. Get latest factory price for Optical Fiber Cables. Request quotations and connect with Taiwanese manufacturers and B2B suppliers of Optical Fiber Cables. Page - 1

### Optic Cable Protection Pipes

329 optic cable protection pipes products are offered for sale by suppliers on Alibaba , of which fiber optic equipment accounts for 14%, communication cables accounts for 2%.

### FRP Cable Protection Pipe Fiber Glass Pipe

Fiberglass cable protection tube FRP composite cable protection pipe is a compound made of high-strength glass fiber reinforced material and according to a specific formula. Through winding, rolling,

Protective pipes for fiber optic cables

Protective polyethylene pipes with an outer diameter from 25 mm to 110 mm for laying communication cables and cable pipelines in them. Pipes are designed for
