

The WR886N router is a fiber optic router

Overview

The TP-Link TL-WR886N dual-band router delivers up to 450Mbps speed, combining 300Mbps on 2.4GHz and 150Mbps on 5GHz bands. It features four 10/100Mbps LAN ports and one WAN port, enabling direct connections to wired devices, while supporting wireless communication via 802.11n. While the market for consumer networking is rapidly shifting toward WiFi 6 (AX) and WiFi 7 (BE) standards, there remains a significant "long-tail" demand for reliable, welcome to taobao purchase tp-link wireless router tl-wr886n m home wall-penetrating smart wifi high-speed fiber optic wall-penetrating king high-power gigabit 100m 5620 gigabit easy to send you a few billion hot sale, taobao digital hot sale, taobao digital hot sale, official logistics can send a.
