

# Three-year warranty outdoor wiring box with 8 cores

## Overview

Claude is a next generation AI assistant built by Anthropic and trained to be safe, accurate, and secure to help you do your best work.

## Key Takeaways

Outdoor 8-core fiber distribution boxes with IP65/IP68 protection offer durable, weatherproof solutions with up to a three-year warranty for non-electronic components.

### Key Features

- **Core Capacity:** Supports up to 8 fiber connections, suitable for splitting or distributing signals from feeder cables to drop cables .
- **Material & Durability:** Typically made from high-impact PC+ABS or similar materials, providing UV resistance, anti-aging, and robust protection against outdoor conditions .
- **Waterproof & Dustproof:** IP65 or IP68 rated enclosures ensure protection against rain, dust, and moisture, making them ideal for outdoor installations .
- **Mounting Options:** Can be wall-mounted, pole-mounted, or aerial-mounted, offering flexibility for various deployment scenarios .
- **Cable Management:** Integrated splicing, splitting, and storage features allow organized routing of fibers, maintaining signal integrity and simplifying maintenance .

- **Access & Maintenance:** Flip-up distribution panels, buckled locks, and clear labeling facilitate easy installation and servicing .

#### Warranty Information

- **Non-Electronic Components:** Many outdoor fiber boxes provide a 3-year warranty for non-electronic parts, covering the enclosure, mounting hardware, and structural components .

- **Electronic Components:** If included, electronic modules typically have a 1-year warranty, with technical support available beyond the warranty period .

- **Replacement & Support:** Defective parts can be repaired or replaced, and OEM customization is often available for specific project requirements .

#### Recommended Options

- **FTB-8A Outdoor Fiber Termination Box** – IP65 waterproof, wall or pole mount, 8-core capacity, 3-year warranty for non-electronic parts .
- **Spring IP68 8 Ports Outdoor Fiber Distribution Box** – Rugged, corrosion-resistant, supports 8 subscribers, pre-connectorized for plug-and-play installation .
- **JUNPU JP-I1-8OA 8 Core Outdoor Box** – High-impact PC+ABS, IP65 moisture protection, integrates splicing, splitting, and storage for 8 fibers .
- **SEESUO 3in8out 8 Cores Terminal Box** – Compact, IP65-rated, supports 3 incoming fibers split into 8 outputs, easy maintenance, and flexible mounting . These boxes are ideal for FTTH, FTTx, and outdoor network deployments, providing reliable protection, organized fiber management, and long-term durability.
