

What are some network cabinet manufacturers in ASEAN

Overview

Top Network Cabinet Manufacturer for Data Centers 2025 Looking for a reliable network cabinet manufacturer?

Discover top-rated suppliers with custom solutio.

Key Takeaways

Key network cabinet manufacturers in the ASEAN region include E-Abel, RS Philippines, and Asianic Distributors, offering durable, customizable server racks and IT infrastructure solutions. Top Manufacturers in the Philippines and ASEAN

- E-Abel
- Headquarters: Singapore
- Manufacturing: Foshan, Guangdong, China
- Overview: E-Abel specializes in electrical enclosures and server rack cabinets for industrial and IT applications. Their products are durable, customizable, and easy to install, making them suitable for businesses requiring tailored infrastructure solutions.
- RS Philippines
- Established: 1998
- Location: Makati City, Philippines

- Overview: RS Philippines is a distributor and supplier of industrial and electronic products, including server cabinets from multiple brands. They provide competitive pricing, fast delivery, and strong customer support, catering to a wide range of IT infrastructure needs .

- Asianic Distributors Inc.
- Established: 2000

- Location: Philippines

- Overview: A leading distributor of computer components and peripherals, offering server cabinets and security systems. Asianic focuses on meeting both consumer and business requirements with reliable products .

Regional Considerations

- Manufacturing Hubs: While ASEAN has local distributors and manufacturers, many companies maintain production facilities in China (e.g., Foshan, Guangdong) to leverage cost-effective manufacturing and advanced production capabilities .

- Certifications: Look for suppliers with ISO, CE, RoHS, and UL certifications to ensure compliance with international standards .

- Customization: Many ASEAN suppliers offer customizable cabinets with options for thermal management, IoT integration, and modular designs suitable for data centers and enterprise IT setups .

Additional Notes

- For broader Asian sourcing, companies like Rama Enterprises (India) and Rittal (Germany, with regional distributors) also supply network cabinets to ASEAN markets, providing high-quality modular and standard enclosures .

- When selecting a supplier, consider production capacity, on-time delivery rates, and reorder reliability to ensure consistent supply for large-scale IT projects . These manufacturers provide a strong starting point for businesses in ASEAN seeking reliable, certified, and customizable network cabinet solutions.
