

What is the price of cable tray supports and hangers

Overview

12" Center Hanger - Only one threaded rod is needed to suspend tray. Suspension tube protects cables.

Key Takeaways

Cable tray supports and hangers typically range from \$2 to \$15 per piece, depending on type, material, and quantity. General Pricing Overview

- Hanging clamps and clips: Small clips for 1/4", 3/8", or 1/2" threaded rods generally cost \$2-\$5 each, often sold in packages of 25-50 units (Platt Electric Supply, McMaster-Carr) .
- Trapeze or center hangers: Larger supports that suspend trays from multiple rods or provide balanced loading can range from \$8-\$15 per hanger, depending on length and material (carbon steel, pre-galvanized) .
- Hanging bars and strut channels: These are used for heavier loads and can support up to 280 lbs per foot. Prices vary by length and zinc-plated or corrosion-resistant finish, typically \$10-\$20 per foot of bar .
- Wire mesh or ladder tray supports: Economical wire mesh trays with zinc or electro-zinc coating may cost \$5-\$12 per foot, with accessories like connectors and brackets sold separately .

Factors Affecting Price

- Material: Stainless steel or highly corrosion-resistant finishes cost more than pre-galvanized or zinc-plated steel.

- Load capacity: Supports rated for heavier loads or longer spans are more expensive.
- Quantity: Bulk orders often reduce the per-unit cost.
- Supplier and location: Prices vary by distributor and ZIP code; some suppliers require entering a ZIP code to view exact pricing (Graybar) .
- Accessories: Nuts, washers, and threaded rods are usually sold separately, adding to the total cost .

Recommendations

- For small projects, pre-galvanized clips and hangers are cost-effective.
- For industrial or high-load installations, invest in zinc-plated or stainless steel trapeze hangers and strut channels.
- Always check supplier websites like McMaster-Carr, RS, Graybar, or Platt Electric Supply for current pricing and availability in your area. By considering these factors, you can estimate a budget for cable tray supports and hangers while ensuring the system meets load and corrosion requirements.
