

Which company makes the best low-voltage cable trays in China and Europe

Overview

Dive into our comprehensive comparison of the leading electrical cable tray manufacturers in China and discover the best options for your next project!

Key Takeaways

Top low-voltage cable tray manufacturers in China include Shandong JLH Electric, Hesheng Group, and Shanghai Xiaokai, while in Europe, leading players are Niedax Group, Legrand, and Spina Group.

Leading Manufacturers in China

Shandong JL

H Electric Co., Ltd. – Recognized for ladder trays, wire mesh, and perforated trays, JLH Electric operates large-scale facilities with CNC machines and robotic welding lines, ensuring high-quality production for industrial and renewable energy projects.

Hesheng Group Co., Ltd. – Offers a comprehensive range of cable management systems including metal and polymer trays, wire mesh, and perforated trays. They specialize in high-strength, anti-corrosion plastic trays suitable for harsh environments and hold multiple ISO and CE certifications.

Shanghai Xiaokai Building Material Co., Ltd. – Provides wire mesh, perforated, ladder, and trunking cable trays, along with strut channels and electrical conduits. Their products meet UL, CE, BS, JIS, and DIN standards, serving sectors like telecommunications, marine, and oil & gas. Other notable Chinese manufacturers include Bonet Cable Tray, Vichnet, Far East Cable Co., Ltd., and Hebei Huatong Wires & Cables Group, which offer specialized solutions for IT infrastructure, smart manufacturing, and low-voltage applications.

Leading Manufacturers in Europe

Niedax Group (Germany) – Offers an extensive range of cable trays and support systems for construction, energy, and transportation sectors. Known for high-quality standards and compliance with EN 61537 and ISO 9001. Legrand (France) – Produces the Cablofil brand of wire mesh trays, widely used for easy installation and adaptability in industrial and commercial projects.

Legrand emphasizes sustainability and long-term durability. Spina Group (Italy) – Specializes in ladder and perforated trays for heavy-duty applications, including shipbuilding and industrial plants, with a focus on robust design and compliance with European standards. European manufacturers are noted for advanced designs, high-quality materials, and strict adherence to international standards, making them suitable for complex infrastructure projects and export markets.

Key Considerations

Product Types: Ladder trays, perforated trays, wire mesh trays, and trunking systems. Certifications: ISO 9001, CE, UL, EN 61537, IEC standards. Applications: Industrial plants, data centers, renewable energy, marine, oil & gas, and commercial buildings.

Regional Strengths: Chinese manufacturers excel in large-scale production and cost efficiency, while European manufacturers focus on design innovation, compliance, and durability. Selecting the right manufacturer depends on project requirements, including material type, environmental conditions, load capacity, and installation complexity. Both regions offer reliable suppliers with global reach and OEM/ODM capabilities.
