

Which manufacturers in China produce optical cables

Overview

China Top 10 Fiber Optic Cable Manufacturers in 2025 This guide ranks China's top 10 fiber optic cable manufacturers for 2025, based on market share, produc.

Key Takeaways

China hosts numerous leading optical cable manufacturers, including YOFC, Hengtong, OWIRE, Dowell, and Fiberlink, offering a wide range of fiber optic solutions for global markets. Top Chinese Optical Cable Manufacturers YOFC (Yangtze Optical Fibre and Cable Joint Stock Limited Company) YOFC is China's largest fiber optic cable producer, headquartered in Wuhan, Hubei, with an annual capacity of 300 million core-kilometers. They produce ultra-low-loss fibers, high-density multi-core cables (up to 576 fibers), and submarine cables.

YOF

C emphasizes R&D, holding over 500 patents, and offers customized solutions for FTTH and telecom networks, while maintaining compliance with international standards like ITU-T G. 652 and IEC 60794. Hengtong (HTGD Jiangsu Hengtong Optic-Electric Co., Ltd.) Hengtong has a complete industrial chain covering optical preforms, fibers, and cables.

They specialize in submarine cables and marine communications, with strong R&D capabilities and a diverse product line for communications and energy sectors. Hengtong has expanded globally, including EU factories, to support international clients.

OWIR

E Based in Shenzhen and established in 2009, OWIRE manufactures indoor and outdoor fiber optic cables, certified by ISO9001, UL, FCC, CE, ROHS, CPR, and CCC. They offer high-quality, reliable cables for telecommunications, data centers, and infrastructure projects, with a monthly production capacity of 60 million meters. Dowell Industry Group Limited Located in Ningbo, Zhejiang Province, Dowell produces network and communication equipment, including fiber optic cables.

Their facilities feature advanced CNC automated production lines, ISO9001 certification, and a professional R&D team, supporting both domestic and international markets. Fiberlink manufactures over 20,000 fiber optic products annually, including connectors, patch cords, and cabling systems. They are ISO9001 certified and provide customized solutions for telecommunications operators and industrial clients.

Other Notable Manufacturers

Dream Fiber Optic Cable Co., Ltd. – Specializes in innovative telecom solutions with over 10 years of experience. Ankom Telecom – Offers indoor, outdoor, armored, and FTTH drop cables, compliant with international quality standards. Shenzhen Hanxin Communication Optical Fiber Cable Co., Ltd. – Produces a wide range of indoor and outdoor optical cables with strict quality control.

HOC and OM

C – Provide FTTH solutions, pre-connectorized assemblies, and custom cable assemblies for various applications.

FIBERFUTUR

E – Manufactures fiber optic cables and accessories, including MPO/MTP products for telecom and data communications.

Key Advantages of Chinese Manufacturers

Wide product range: Single-mode, multi-mode, indoor, outdoor, armored, and specialty cables. International compliance: Many manufacturers adhere to ISO, IEC, RoHS, and other global standards. Customization: Rapid prototyping and tailored solutions for FTTH, data centers, and industrial applications.

Export experience: Many companies export to Europe, the U. S., Africa, and Southeast Asia. Cost efficiency: Competitive pricing due to low-cost raw materials and advanced automation.

These manufacturers collectively support global telecom infrastructure, 5G networks, and high-speed data transmission, making China a major hub for optical cable production.
